Notwithstanding the foregoing, terms in “Main Provisions of the Articles of Association”, “Statement of Special Tax Benefits”, “Industry Overview”, “Regulations and Policies in India”, “Financial Information of the Company”, “Outstanding Litigations and Material Developments” and “Issue Procedure”, will have the meaning ascribed to such terms in these respective sections.

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF FINANCIAL PRESENTATION

Certain Conventions

All references in the Draft Red Herring Prospectus to “India” are to the Republic of India. All references in the Draft Red Herring Prospectus to the “U.S.,” “USA” or “United States” are to the United States of America.

In this Draft Red Herring Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Use of Financial Data

Unless stated otherwise, throughout this Draft Red Herring Prospectus, all figures have been expressed in Rupees and Lakh. Unless stated otherwise, the financial data in the Draft Red Herring Prospectus is derived from our restated financial information prepared for the period June 30, 2023 and financial year ended March 31, 2023, March 31, 2022 and March 31, 2021 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled “Financial Information of the Company” beginning on page 129 of this Draft Red Herring Prospectus.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in the Draft Red Herring Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, 2018, as stated in the report of our Statutory Auditor, set out in section titled “Financial Information of the Company” beginning on page 129 of this Draft Red Herring Prospectus. As on date of the Draft Red Herring Prospectus we don’t have any subsidiaries. Our fiscal year commences on April 1 of every year and ends on March 31 of every next year.

For additional definitions used in this Draft Red Herring Prospectus, see the section “Definitions and Abbreviations” on page 1 of this Draft Red Herring Prospectus. In the section titled “Main Provisions of the Articles of Association”, on page 240 of the Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, 2018 the section titled “Basis for Issue Price” on page 72 of the Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

Currency of Financial Presentation

All references to “Rupees” or “INR” or “Rs.” or “₹” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled “Industry Overview” throughout the Draft Red Herring Prospectus all figures have been expressed in Lakhs.

Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management's Discussion and Analysis of Financial Conditions and Results of Operations” on page 23, 85 and 174 respectively of this Draft Red Herring Prospectus, unless otherwise indicated, have been calculated based on our restated financial statements prepared in accordance with Indian GAAP.

The Draft Red Herring Prospectus contains conversion of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations, 2018. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

FORWARD LOOKING STATEMENTS

This Draft Red Herring Prospectus includes certain “forward-looking statements”. We have included statements in the Draft Red Herring Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
2. Changes in consumer demand;
3. Failure to successfully upgrade our product portfolio, from time to time;
4. Any change in government policies resulting in increases in taxes payable by us;
5. Our ability to retain our key managements persons and other employees;
6. Changes in laws and regulations that apply to the industries in which we operate.
7. Our failure to keep pace with rapid changes in technology;
8. Our ability to grow our business;
9. Our ability to make interest and principal payments on our existing debt obligations and satisfy the other covenants contained in our existing debt agreements;
10. general economic, political and other risks that are out of our control;
11. Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
12. Company’s ability to successfully implement its growth strategy and expansion plans ;
13. failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
14. inability to successfully obtain registrations in a timely manner or at all;
15. occurrence of Environmental Problems & Uninsured Losses;
16. conflicts of interest with affiliated companies, the promoter group and other related parties;
17. any adverse outcome in the legal proceedings in which we are involved;
18. Concentration of ownership among our Promoter;
19. The performance of the financial markets in India and globally;
20. Global distress due to pandemic, war or by any other reason.

For further discussion of factors that could cause our actual results to differ, see the Section titled “Risk Factors”, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 23, 85 and 174 respectively of the Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company or our Directors or our Officers or Book Running Lead Manager or Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the BRLM will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION III: RISK FACTORS

An investment in Equity Shares involves a high degree of risk. prospective investors should carefully consider all the information in this Draft Red Herring Prospectus, particularly the “Financial Information of the Company” and the related notes, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 129, 85 & 174 respectively and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares. While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some events may not be material individually but may be found material collectively.*
- 2. Some events may have material impact qualitatively instead of quantitatively.*
- 3. Some events may not be material at present but may be having material impact in future.*

Note:

The risk factors as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “Risk Factors” beginning on page 23 and “Management Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 174 unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “Audited Financial Statements, as restated” prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP).

- 1. We have a history of net losses in one of the year out of the last 3 financial years and any losses or our inability to achieve profitability may have an adverse effect on our operations.***

As per Restated financial statements, we have profit of Rs. 184.84 Lakhs for period June 30, 2023, Rs 643.15 Lakhs for FY22-23 ,Rs 153.47 Lakhs for FY 21-22 and loss of Rs 3.22 Lakhs for FY 20-21. The company was incorporated in the year 2011 but has started its full-fledged business operations from FY 2020-21 onwards after the takeover of the assets and liabilities of the proprietorship concern of our Promoters. With the increase in the operations in the Company we have started earning profits but, it is difficult for us to predict our future results of operations or the limits of our market opportunity. We expect our operating expenses to increase as we hire additional personnel, broaden our marketing efforts, expand our operations and infrastructure, continue to enhance our brand, and develop and expand its capabilities, expand our products and services which may impact our profitability in future. Any failure to increase our net revenue sufficiently to keep pace with our initiatives, investments, and other expenses could prevent us from achieving profitability or positive cash flow on a consistent basis in future periods.

- 2. *The business in our Company has been started post the purchase of assets and liabilities from the M/s Balaji Enterprises and M/s Shrinivas Engineering (Proprietorship firm of our Promoters) thus we have limited operating history as a Company which may make it difficult for investors to evaluate our historical performance or future prospects.***

Our Company was originally incorporated as a private limited Company under the Companies Act, 1956 with Registrar of Companies, dated November 17, 2011. The company was incorporated in the year 2011 but has started its full-fledged business operations from FY 2020-21 onwards after the takeover of the assets and liabilities of the proprietorship concern of our Promoters. We have limited operating history as a company from which one can evaluate our business, future prospects and viability. Our future revenues and profitability are difficult to estimate and could fluctuate significantly and as a result the price of our Equity Shares may remain volatile.

Further, the transfer of assets and liabilities have been undertaken based on the MOU entered between the promoter of our company and the owner of the proprietorship firm based on the consideration mutually decided between them. In case of any dispute between the parties with regards to the MOU for transfer of assets and liabilities between the proprietorship and the Company may have an adverse effect on the business and financial position of the company. Also, Our Promoter may again start the business of manufacturing of valve components in the proprietorship concern which may have an adverse effect on our business and profitability. Also, there can be no assurance that conflict of interests may not arise in the future in allocating business opportunities. In cases of conflict, our promoters may favour other companies in which our promoter have an interest that could have a material adverse effect on our business. Also, there can be no assurance that we will be able to successfully pursue our growth strategies, or that pursuing these strategies will provide us the anticipated benefits. Any inability to pursue our growth strategies successfully or at all, or an inability to manage our growth, may adversely affect our prospects. For further details, see the chapter titled "History and Corporate Structure" and "Restated Financial Statements" on page 107 and 129 respectively of the Draft Red Herring Prospectus.

- 3. *Any increase in the cost of our raw material or other purchases or a shortfall in the supply of our raw materials, may adversely affect the pricing and supply of our products and have an adverse effect on our business, results of operations and financial condition.***

The success of our operations depends on a variety of factors, including our ability to source raw materials at competitive prices with the desired quality & quantity. The principal raw materials required in the manufacturing process includes carbon steel, stainless steel, nickel alloy steel, alloy steel, duplex, super duplex steel, brass & aluminum in different shapes, sizes and grades (like bars, rods, solid balls & billets) which are dependent on the specifications provided by the customers. For the period June 30, 2023 our cost of materials consumed was Rs. 879.81 lakhs representing 53.27% of our revenue from operations and financial year 2023, 2022 & 2021, our cost of materials consumed was ₹ 3883.19 Lakhs, 2607.97 Lakhs & 1145.59 Lakhs, or 62.36%, 67.12% and 70.96%, of our revenue from operations, respectively. Raw material supply and pricing can be volatile due to a number of factors beyond our control, including demand and supply, general economic and political conditions, transportation and labour costs, natural disasters, pandemic, competition and there are inherent uncertainties in estimating the price movement and quantity available. We may be required to track the supply demand dynamics and regularly negotiate prices with our suppliers in case of significant fluctuations in raw material prices or foreign currency fluctuations.

Additionally, there can be no assurance that demand, capacity limitations or other problems experienced by our suppliers will not result in occasional shortages or delays in their supply of raw materials. If we were to experience a significant or prolonged shortage of raw materials from any of our suppliers, and we cannot procure the raw materials from other sources, we would be unable to meet our production schedules for our key products and to deliver such products to our customers in a timely manner, which would adversely affect our sales, margins and customer relations. For further details about business of our Company, please refer chapter titled "Business Overview" beginning on page 85 of this Draft Red Herring Prospectus.

- 4. *Our top five customers contribute majority of our revenues from operations. Any loss of business from one or more of them may adversely affect our revenues and profitability.***

Our top five customers have contributed 42.3%, 43.02%, 44.89% and 52.59% of our revenues for the period ended June 30, 2023, March 31, 2023, March 31, 2022 & March 31, 2021 based on restated financial statements. However, our top customers may vary from period to period depending on the demand and thus the composition and revenue generated from these customers might change as we continue to add new customers in normal course of business. Since at present our business is concentrated among relatively few significant customers, we could experience a reduction in our results of operations, cash flows and liquidity if we lose one or more of these customers or the amount of business, we obtain from them is reduced for any reason, including but not limited on account of any dispute or disqualification. Accordingly, we cannot assure you that the customers which contribute to the major part of our revenue stream will pay us the amounts due to us on time, or at all. In the event any of our significant customers fail to fulfil their respective obligations, our business, financial condition and results of operations would be adversely affected. While we believe we have maintained good and long-term relationships with our customers, there can be no assurance that we will continue to have such long term relationship with

them. We cannot assure that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our revenues and profitability.

5. ***We are planning to expand our operations at our new plant constructed at Chakan Industrial area (Pune). Further, we propose to shift the existing forging facility to the said new plant. We may face business or financial challenges which may adversely affect our profitability and results of operations.***

We are currently expanding our manufacturing facilities by setting up another manufacturing unit at Chakan Industrial area in Pune MIDC nearby to our existing unit, for starting the forging activities at the proposed plant and also shifting the existing forging facility at Bhosari, Pune to this new plant. Although, the Promoters of our Company have vast experience in the valve components manufacturing industry, but we may face new business and financial challenges including sales issues, marketing, production, cost optimization etc. which may adversely affect our profitability and results of operations.

Further, we have received the occupancy certificate from MIDC for the proposed unit located at Plot No.PAP-B-130 situated in Chakan Industrial Area, Ph-II, Pune and fire NOC. Also we have made an application to the Maharashtra Pollution control board for granting us consent to operate but we are yet to apply for other registrations for the said unit. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our planned expansion and operations.

6. ***In case of our inability to obtain, renew or maintain the statutory and regulatory licenses, permits and approvals required to operate our business it may have a material adverse effect on our business.***

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions which we will require adherence to. Further we will need to apply for renewal of certain approvals, licenses, registrations and permits, which expire or need to update pursuant to change in name and conversion of company from private to public Company. While we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities. But, we are yet to apply for registration under the Factories Act for our plant located at Bhosari, Pune. Additionally, company is in process of constructing its own additional facility to shift activities of Bhosari unit in future. Further, we are yet to apply for the change in the address of certain government approvals to our registered office. There can be no assurance that the relevant authority will issue an approval or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations. Further, we are yet to apply for the change in the name of the company in the respective regulatory approvals post change in status of the company from Private limited company to public limited company.

Further, the laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavor to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalty. For further details regarding the material approvals, licenses, registrations and permits, see "Government and Other Approvals" on page 188 of this Draft Red Herring Prospectus. Furthermore, we cannot assure you that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations.

7. ***The Company is dependent upon few suppliers for purchase of major portion of our raw material. Any loss of business with one or more of them may adversely affect our business operations and profitability.***

Our top five suppliers contributed approximately 65.14%, 49.97%, 46.23% and 61.35% of our total purchases for the period June 30, 2023, March 31, 2023, March 31, 2022 and March 31, 2021 based on restated financial statements. However, our top suppliers may vary from period to period depending on the demand-supply in the market and thus the supply process from these suppliers might change as we continue to seek more cost effective suppliers in normal course of business. Since at present our business is concentrated among relatively few significant suppliers, we could experience a reduction in our purchases and business operations if we lose one or more of these suppliers, including but not limited on account of any dispute or disqualification them there may be an adverse effect our purchases and business operations. We strive to maintained good and long term relationships with our suppliers but there can be no assurance that we will continue to have such long term relationship with them. We cannot assure that we shall do the same quantum of business, or any business at all, with these suppliers, and loss of business with one or more of them may adversely affect our purchases and business operations.

8. *Our failure to adapt to technological developments or industry trends could affect the performance and features of our products, and reduce our attractiveness to our customers.*

As our operations grow in scope and size, whether through offering of new products or expansion into new markets, we must continuously improve, upgrade, adapt and expand our systems and infrastructure to offer our customers enhanced products, features and functionality ahead of rapidly evolving customer demands, while maintaining the reliability and integrity of our systems and infrastructure in a cost-efficient and competitive manner. The systems, infrastructure and technologies we currently employ may become obsolete or be unable to support our increased size and scale. Even if we are able to maintain, upgrade or replace our existing systems or innovate or customize and develop new technologies and systems, we may not be as quick or efficient as our competitors in upgrading or replacing our systems. We may be unable to devote adequate financial resources or obtain sufficient financing on commercially acceptable terms in time, or at all, which may have a material adverse effect on our business, prospects, results of operation and financial condition. For further details regarding our business, please refer to chapter titled “Business Overview” beginning on page 85 of this Draft Red Herring Prospectus.

9. *We have not placed orders for the purchase of plant and machinery for which part of the funds are being raised through the Issue.*

Our Company has identified the machineries to be acquired and has received the quotations from the suppliers, but we have not placed final orders for all the machineries, equipment’s and utilities aggregating to Rs. 661.92 lakhs which is approximately [●]% of the Issue Proceeds are proposed to be acquired for our expansion plan by utilization of Issue Proceeds. Our Company is further subject to risks on account of inflation in the price of plant and machinery.

Since the part funding for the plant and machinery is from the IPO proceeds, any delay in access to IPO proceeds may eventually delay the process of placing the orders. The purchase of machineries and equipment’s would require us to consider factors including but not limited to pricing, delivery schedule and after-sales maintenance. There may be a possibility of delay at the supplier’s end in providing timely delivery of these machineries, equipment’s and utilities, which in turn may delay the implementation of our expansion plan. Further, the quotations relied upon by us in arriving at the total cost of machineries, equipment’s and utilities are valid for a specific period of time and may lapse after the expiry of the specific period. Consequent upon which, there could be a possible escalation in the cost of machineries and equipment’s proposed to be acquired by us at the actual time of purchase, resulting in increase in the project cost, which may result in cost overruns, and may affect our profitability. For further details read section “Objects of the Issue” beginning on page 65 of the Draft Red Herring Prospectus

10. *We have had certain inaccuracy in relation to regulatory filings and our company has made non-compliances of certain provision under applicable law.*

Our company has missed to comply with certain statutory provisions in the past including but not limited to the details as mentioned in this risk factor. Further, there are few discrepancies noticed in some of our corporate records relating to e-forms filed with the Registrar of Companies, which includes technical errors relating date of signing of financial statements and Board Report for the FY 2015 to FY 2017. Further, during the FY 2014-15, the company has taken loans and advances which were in excess of the limits specified under section 180 of the Companies Act 2013 for which no approvals were taken from the shareholders of the Company, however, later during June 2015, the company was exempted from taking any such limits being a private limited company and as on date of this Draft Red Herring Prospectus our company has complied with the provisions of section 180 post conversion into a public limited company.

Further, although our past auditors gave their resignation letters at the time of their cessation as auditor, the relevant forms to be filed by auditor for such resignation were not filed with MCA. During the year 2014-15 there were certain share transfers to representatives of MIDC as part of their lease execution for plot leased to the company which were transferred back to the promoters in year 2016-17. However, the Company do not have any share transfer documents and associated communication with MIDC authorities pertaining to these share transfers. Accordingly, we have relied on the other corporate records maintained by the Company such as statutory registers, Annual returns filed with RoC to ascertain the information for the missing corporate records. While no legal proceedings or regulatory action has been initiated against us in relation to the unavailable filings and statutory lapses as of the date of this Draft Red Herring Prospectus, we cannot assure you that such proceedings or regulatory actions will not be initiated against us in the future in relation to the missing filings and corporate records. We cannot assure you that any such proceedings will not have a material adverse effect on our financial condition or reputation. Also, we may not be able to produce such evidences in case they are required by any statutory or regulatory authorities.

Our company has not complied with certain Accounting Standards such as AS-15 and AS-17 in the past, however the same have been duly complied by the company in the accounts for Financial year 2022-23 and restated financial statements. Further, there are certain forms which are filed with delayed fees with RoC. Although, no show cause notice in respect of the above has been received by the

Company till date, any penalty imposed for such non-compliance in future by any regulatory authority could affect our financial conditions to that extent.

11. We are exposed to the risk of delays or non-payment by our clients and other counterparties, which may also result in cash flow discrepancies.

We are exposed to counter party credit risk in the usual course of our business dealings with our clients or other counterparties who may delay or fail to make payments or perform their other contractual obligations. The financial condition of our clients, business partners and other counterparties may be affected by the performance of their business which may be impacted by several factors including general economic conditions. The amount outstanding from the trade receivable as on June 30, 2023 was Rs. 1675.39 lakhs which represents approximately 32.65% of the total assets of the Company. We cannot assure you of the continued viability of our counterparties or that we will accurately assess their creditworthiness. We also cannot assure you that we will be able to collect the whole or any part of any overdue payments. Any material non-payment or non-performance by our clients, business partners, suppliers or other counterparties could affect our financial condition, results of operations and cash flows.

12. We have not registered the trademarks which we are using for our business. If we are unable to protect our intellectual property against third party infringement or are found to infringe on the intellectual property rights of others, it could have a material adverse effect on our business, results of operations and financial condition.

We have not registered the trademarks which we are using for our business. Further, the trademark we are using have been applied in the name of our Promoter Laxmikant Sadashiv Kole. In respect of such trademark, we have not entered into any assignment agreement or license agreement with him as the same is not yet registered in his name, however, we have been permitted to use the said trademark vide an NOC dated June 10, 2023 issued by the owner of the trademark namely Laxmikant Sadashiv Kole in favor of us. While we believe that the NOC shall continue to remain in place and will be renewed from time-to-time basis, we cannot assure that the same will not be revoked in future. We may not be able to protect our rights in the said trademarks assigned to us through NOC which may not be acceptable in legal proceedings under the extant provisions of trade marks law. Further, in the event of non-renewal/ revocation of NOC, we may be forbidden from using this trademark and this may affect our brand image adversely. There can be no assurance that we will be able to register the trademarks in future or that, third parties will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill. Our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property.

In addition, the use of similar trade names by third parties may result in confusion among our customers, and we are exposed to the risk that entities in India and elsewhere could pass off their products as our products, which may adversely affect sale of our products, resulting in a decrease in market share due to a decrease in demand for our products. Such products may not only result in loss of sales but also adversely affect our reputation and consequently our future sales and results of operations. In the event of such unauthorized use, we may be compelled to pursue legal action for the protection of our brand and intellectual property, which may divert our attention and resources thereby affecting our business operations. Any litigation, whether or not it is resolved in our favor, could result in significant expense to us and divert the efforts of our technical and management personnel, which may adversely affect our business operations or financial results. For any of these reasons, despite our efforts, we may be unable to prevent third parties from infringing upon or misappropriating our intellectual property. For further details on above and other trademarks, please refer to chapter titled "Our Business" beginning on page 85 of this Draft Red Herring Prospectus.

13. We face foreign exchange risk, which may negatively affect our business, financial condition and results of operations

We export our valve components to different countries like Dubai, Germany, Singapore, Taiwan, Italy, South Africa, USA, United Kingdom, Qatar & Pennsylvania and payment for these sales is received in foreign currency. Changes in value of currencies with respect to the Rupee may cause fluctuations in our operating results expressed in Rupees. The exchange rate between the Rupee and other currencies is variable and may continue to fluctuate in future. Any adverse or unforeseen fluctuations with respect to the unhedged exchange rate of any foreign currency for Indian Rupees may affect our Company's results of operations. We are not involved in the hedging of foreign currency which would result in losses and gains resulting from translation of foreign currency denomination on our financials.

14. We have had negative net cash flows in the past and may continue to have negative cash flows in the future.

The following table sets forth our cash flow for the periods indicated:

Particular	30-June-23	31-Mar-23	31-Mar-22	31-Mar-21
Cash flow from operating activities	376.10	561.84	(332.17)	(759.85)
Cash flow from investing activities	(354.22)	(535.53)	(911.81)	(277.92)
Cash flow from financing activities	(34.44)	(57.72)	1,358.20	1,036.68

For further details, see “Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 129 and 174, respectively. We cannot assure you that our net cash flows will be positive in the future.

15. *Some of our business operations are being conducted on leased premise. Our inability to seek renewal or extension of such leases may materially affect our business operations.*

Some of our business operations are being conducted on premise leased from MIDC and our promoter Laxmikant Sadashiv Kole. We may also enter into such transactions with our promoters or any other third parties in the future. Any adverse impact on the title, ownership rights, development rights of the owners from whose premises we operate, breach of the contractual terms of any lease, leave and license agreements, or any inability to renew such agreements on acceptable terms may materially affect our business operations. For further details, see “Our Business – Property” on page 85. Additionally, company is in process of constructing its own additional facility to shift activities of Bhosari unit in future.

16. *Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business and results of operations.*

As of June 30, 2023, we had a total outstanding indebtedness from banks and financial institutions amounting to ₹ 1820.90 lakhs. Our ability to meet our debt service obligations and repay our outstanding borrowings will depend primarily on the cash generated by our business. Our financing agreements contain certain restrictive covenants that limit our ability to undertake certain types of transactions, including any change in line of business or change in ownership, which could adversely affect our business and financial condition.

In addition, our borrowings require us to maintain certain financial ratios and certain other informative covenants, which are tested at times on a quarterly or annual basis. In the event we breach any financial or other covenants contained in any of our financing arrangements or in the event we had breached any terms in the past which is noticed in the future, we may be required to immediately repay our borrowings either in whole or in part, together with any related costs. We may also be forced to sell some or all of our assets if we do not have sufficient cash or credit facilities to make repayments. Further, our financing arrangements are due for renewal from time to time and we cannot guarantee that the facilities availed under such arrangements will be renewed on the previously agreed terms and conditions, or conditions which are not more onerous on us. Our failure to meet our obligations under the debt financing agreements could have an adverse effect on our business, results of operations and financial condition.

17. *Any loss of or breakdown of our machineries, at any of our manufacturing facility may have an adverse effect on business, financial condition and results of operations.*

All our plant and manufacturing facility are subject to operating risks, such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, labour disputes, industrial accidents and the need to comply with directives issued by the government authorities. The occurrence of any of these risks could significantly affect our operating results. Although, we have taken precautions to minimize the risks of any significant operational issues at our manufacturing facility, our business and operations may be adversely affected by any disruption of operations at manufacturing facility. For further details about business of our Company, please refer chapter titled “Business Overview” beginning on page 85 of this Draft Red Herring Prospectus.

18. *Intense competition in the market of valve components could affect our pricing, which could reduce our share of business from clients and decrease our revenues and profitability*

We operate in a competitive industry that experiences rapid technological developments, and changes in customer requirements. Our competitors include the big, mid-sized, and several smaller local competitors in the various geographic markets in which we operate. We may face competition from companies that grow in size or scope, which may result in larger competitors with significant resources that benefit from economies of scale and scope. Such events could have a variety of negative effects on our competitive position and our financial results, including reducing our revenue, increasing our costs, and lowering our gross margin percentage. If our competitors develop and implement methodologies that yield greater efficiency and productivity, they may be able to produce products similar to ours at lower prices without adversely affecting their profit margins. If we are unable to provide our clients with quality products at competitive prices or successfully market those products to current and prospective clients, our business, results of operations and

financial condition may suffer. For further details of our Business, please refer to chapter titled “Business Overview” beginning on page 85 of this Draft Red Herring Prospectus.

19. Our Directors and Promoters are involved in certain legal proceedings. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business and results of operations.

Our Directors, and Promoter are currently involved in certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. The summary of outstanding litigation in relation to criminal matters, direct tax matters, indirect tax matters, actions by regulatory/ statutory authorities and matters above the materiality threshold against our Promoters and Directors have been set out below.

Litigation involving the Company –

(Rs. in Lakhs)

Nature of Cases	No. of Outstanding Cases	Amount in dispute/demanded to the extent ascertainable
TDS Defaults	-	0.32

Litigation involving the Promoter and Director of the Company –

(Rs. in Lakhs)

Nature of Cases	Name of Director	No. of Outstanding Cases	Amount in dispute/demanded to the extent ascertainable
Direct tax	Laxmikant	3	Unascertainable
Other pending litigation	Sadashiv Kole	1	Unascertainable
TDS defaults	Madhuri Laxmikant Kole	-	6.19
Direct Tax	Sanker Parameswaran	2	65.96

Amount mentioned to the extent quantifiable. The amount may be subject to additional interest/other charges being levied by the concerned authorities which are unascertainable as on date of this Draft Red Herring Prospectus. For further details, please refer to the chapter titled “Outstanding Litigations and Material Developments” on page 185 of this Draft Red Herring Prospectus.

For further details, see “Outstanding Litigation and Material Developments” on page 185. Decisions in any of the aforesaid proceedings adverse to our interests may have a material adverse effect on our business, results of operations, financial condition and prospects. If the courts or tribunals rule against us or our Company, our Directors and Promoter, we may face monetary and/or reputational losses and may have to make provisions in our financial statements, which could increase our expenses and our liabilities.

20. Our inability to effectively manage our growth could have an adverse effect on our business, results of operations and financial condition.

We have experienced considerable growth over the past three years and we have significantly expanded our operations and product portfolio. Our total revenues grew from ₹ 1616.49 lakhs for the financial year 2021 to ₹ 6294.10 lakhs for the financial year 2023, while our profit for the period grew from ₹ (3.22) lakhs for the financial year 2021 to ₹ 643.15 lakhs for the financial year 2023. Further, our revenue and profits for the period June 30, 2023 stood at Rs. 1654.64 lakhs and Rs. 184.84 Lakhs respectively. The growth has been attributable due to the purchase of assets and liabilities from the proprietorship concern and increase in order flow and better margins due to lower fixed cost in comparison with increase in revenue. We cannot assure you that our growth strategy will continue to be successful or that we will be able to continue to grow further, or at the same rate. Our inability to manage our business plans effectively and execute our growth strategy in a timely manner, or within budget estimates or our inability to meet the expectations of our customers and other stakeholders could have an adverse effect on our business, results of operations and financial condition. Further, our future prospects will depend on our ability to grow our business and operations, which could be affected by many factors, including our ability to maintain the quality of our products, general political and economic conditions in India, government policies or strategies in respect of specific industries, prevailing interest rates, price of equipment and raw materials, energy supply and currency exchange rates.

In order to manage our growth effectively, we must implement, upgrade and improve our operational systems, procedures and internal controls on a timely basis. If we fail to implement these systems, procedures and controls on a timely basis, or if there are weaknesses in our internal controls that would result in inconsistent internal standard operating procedures, we may not be able to meet our customers’ needs or operate our business effectively. Moreover, our ability to sustain our rate of growth depends significantly upon our

ability to select and retain key managerial personnel. We cannot assure you that our existing or future management, operational and financial systems, procedures and controls will be adequate to support future operations, or establish or develop business relationships beneficial to future operations. Failure to manage growth effectively could have an adverse effect on our business and results of operations.

21. *The valve components we manufacture are required to strictly comply with the customer specification, in case they do not comply with the customer's requirement it may have an adverse effect on business, financial condition and results of operations.*

The valve components we manufacture are based on the strict compliance with the requirements of the customers. The customer provides us with the specification, material to be used etc. while placing the orders. We then manufacture the components in compliance with the specification provided by the customers. In case they do not comply with the customers' requirement the components may not fit properly in the valve and this may impact the overall quality and functionality of the valves. In case the components does not meet the required purpose the customer may cancel the orders or hold payments. In case of any such scenario, we would be unable to maintain the revenue and turnover, which would adversely affect our sales, margins and customer relations.

Further, the valves manufactured using our components are used in industry sectors which if not adhere to the specifications and quality standards may lead to industrial accidents and losses to property. Further, any rapid change in our customers' expectation on account of changes in technology or introduction of new product or any other reason and failure on our part to meet their expectation could adversely affect our business, results of operations and financial condition. We believe that we have always expanded our capacities based on latest technology to cater to the growing demand of our customers. However, we cannot assure you that our capacity expansion or any components manufactured by us, will be successfully accepted by our customers. Any failure on our part to successfully meet customer demand or preference may negatively affect our business, results of operation and financial condition. For further details about business of our Company, please refer chapter titled "Business Overview" beginning on page 85 of this Draft Red Herring Prospectus.

22. *Our Company is dependent on third party transportation for the delivery of raw materials and any disruption in their operations or a decrease in the quality of their services could affect our Company's reputation and results of operations.*

Our Company uses third party transportation for delivery of our raw materials and finished goods. Though our business has not experienced any disruptions due to transportation strikes in the past, any future transportation strikes may have an adverse effect on our business. These transportation facilities may not be adequate to support our existing and future operations. In addition, such goods may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. There may also be delay in delivery of products which may also affect our business and results of operation negatively. An increase in the freight costs or unavailability of freight for transportation of our raw materials may have an adverse effect on our business and results of operations. Further, disruptions of transportation services due to weather-related problems, strikes, lockouts, inadequacies in the road infrastructure and port facilities, or other events could impair ability to procure raw materials or delivery of goods on time. Any such disruptions could materially and adversely affect our business, financial condition and results of operations.

23. *Our manufacturing activities are dependent upon availability of skilled and unskilled labour.*

We have made arrangement of labour requirements at both our manufacturing facilities through our on-roll employees and employing contractual labour, wherever required by our Company. Our manufacturing activities are dependent on availability of skilled and unskilled labour. Though our business has not experienced any disruptions due to non-availability of labour or any disputes with them in past, we cannot assure you the same in future which may affect our production schedule and timely delivery of our products to customers which may adversely affect our business and result of operations. Our success is substantially dependent on our ability to recruit, train and retain skilled manpower. Any high attrition or competition for manpower may limit our ability to attract and retain the skilled manpower necessary for our future growth requirements. We cannot assure you that skilled manpower will continue to be available in sufficient numbers suitable to our requirements or that we will be able to grow our workforce in a manner consistent with our growth objectives, which may affect our business, financial condition, results of operations and prospects. For further details about business of our Company, please refer chapter titled "Business Overview" beginning on page 85 of this Draft Red Herring Prospectus.

24. *We rely on contract labour for carrying out certain of our operations and we may be held responsible for paying the wages of such workers, if the independent contractors through whom such workers are hired default on their obligations, and such obligations could have an adverse effect on our results of operations and financial condition.*

In order to retain flexibility and control costs, we appoint independent contractors who in turn engage on-site labour for performance of certain of our operations in our manufacturing facilities. Although we do not engage these laborers directly, we may be held responsible for any wage payments to be made to such laborers in the event of default by such independent contractor. Any requirement to fund their wage requirements may have an adverse impact on our results of operations and financial condition. Further, we are yet to apply for

registration under the Contract Labour Regulation & Abolition Act, 1970. In addition, there are certain conditions under the Contract Labour (Regulation and Abolition) Act, 1970, as amended, which we are required to adhere to and in the event of any non-compliance by contractors with statutory requirements, legal proceedings may be initiated against us. Thus, any such order from a regulatory body or court may have an adverse effect on our business, results of operations and financial condition.

25. *Misconduct or errors by manpower engaged by us could expose us to business risks or losses that could affect our business prospects, results of operations and financial condition.*

Misconduct or errors by manpower engaged by us could expose us to business risks or losses, including regulatory sanctions, penalties and serious harm to our business. Such misconduct includes breach of security requirements, misappropriation of funds, hiding unauthorized activities, failure to observe our stringent operational standards and processes and improper use of confidential information. Though our company has not experienced any misconduct mentioned above in past, it is not always possible to detect or deter such misconduct, and the precautions we take to prevent and detect such misconduct may not be effective. The risks associated with the deployment of manpower include possible claims relating to:

- a. actions or inactions, including matters for which we may have to indemnify our customers;
- b. Our failure to adequately verify personnel backgrounds and qualifications resulting in deficient services;
- c. failure of manpower engaged by us to adequately perform their duties or absenteeism; and
- d. errors or malicious acts or violation of security, privacy, health and safety regulations;

Any claims may give rise to litigation and claims for damages, which could be time-consuming. These claims may also result in negative publicity and effect our business. Any claims and proceedings for alleged negligence as well as regulatory actions may in turn materially and consequently, our business, financial condition, results of operations and prospects.

26. *A shortage or non-availability of electricity or power may adversely affect our manufacturing operations and have an adverse effect on our business, results of operations and financial condition.*

Our manufacturing operations require a significant amount and continuous supply of electricity and power and any shortage or non-availability may adversely affect our operations. We currently source our power requirements from state electricity boards for majority of our energy requirements. Although we have diesel generators to meet exigencies at our facility and also planning to install solar power plant at our manufacturing plants to overcome electricity and power issues, but we cannot assure you that our facility will be operational during power failures. Any failure on our part to obtain alternate sources of electricity, fuel or power, in a timely fashion, and at an acceptable cost, may have an adverse effect on our business, results of operations and financial condition.

27. *Non-compliance with and changes in, safety, health and environmental laws and other applicable regulations, may adversely affect our business, results of operations and financial condition.*

We are subject to a broad range of safety, health, environmental, labour, workplace and related laws and regulations in the jurisdictions in which we operate, which impose controls on the disposal and storage of raw materials, air and water discharges and other aspects of our operations. Although no accidents /incidents occurred in past in our company and we also believe that we have implemented safety related measures, any accidents at our facilities may result in personal injury or loss of life of our employees or other people, substantial damage to or destruction of property and equipment resulting in the suspension of operations. Any of the foregoing could subject us to litigation, which may increase our expenses in the event we are found liable, and could adversely affect our reputation. Additionally, adoption of stricter health and safety laws and regulations, stricter interpretations of existing laws, increased governmental enforcement of laws or other developments in the future may require that we make additional capital expenditures, incur additional expenses or take other actions in order to remain compliant and maintain our current operations. Complying with, and changes in, these laws and regulations or terms of approval may increase our compliance costs and adversely affect our business, prospects, results of operations and financial condition.

28. *The unsecured loan availed by our Company from Directors may be recalled at any given point of time.*

Our Company has been availing unsecured loans from Directors from time to time. The total outstanding payable to them as on June 30, 2023 amounts to Rs. 1058.60 Lakhs as per Restated Financials Statement. Although there are no terms and condition prescribed for repayment of unsecured loan from our Director and Promoter which can be recalled at any given point of time during ordinary course of business. Further, our promoters are currently not charging any interest on the loan provided to the company but if in future they start charging interest on the loan provided by them, then this may affect the profitability, business operations and financial performance of our Company. For further details regarding loans availed by our Company, please refer "Financial Information of our Company" on page 129 of this Draft Red Herring Prospectus.

29. Any failure to comply with financial and other restrictive covenants imposed on us under our financing agreements may affect our operational flexibility, business, results of operations and prospects.

As on June 30, 2023, our total secured borrowings amounted to Rs. 1820.90 Lakhs. Our leverage has several important consequences, including the following:-

- A portion of our cash flow will be used towards repayment of debt, which will reduce the availability of cash to fund working capital requirements, capital expenditures and other general corporate purposes;
- Our borrowing cost and the existence of encumbrances on a significant portion of our immovable properties may constrain. In the event of enforcement of an event of default in connection with such secured borrowings (which is not waived or cured), our ability to continue to operate our business at such locations may be restricted;
- Fluctuations in interest rates may affect our cost of borrowing, as all or a substantial part of our borrowings is at floating rates of interest;

The termination of, or declaration or enforcement of default under, any current or future financing agreement (if not waived or cured) may affect our ability to raise additional funds or renew maturing borrowings to finance our existing operations and pursue our growth initiatives and, therefore, have an effect on our business, results of operations and prospects. For further details of our loans, Please refer chapter titled “Financial Information of our Company” beginning on page 129 of this Draft Red Herring Prospectus.

30. Our operations are labour intensive and our manufacturing operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.

Our operations are labour intensive and we are dependent on our labour force which includes on roll employees and contract labour for our manufacturing operations. As of June 30, 2023, we have employed 168 employees at various levels of the organization including KMP and we employ contract laborers for other miscellaneous work. The success of our operations depends on availability of labour and maintaining good relationship with our workforce. Shortage of skilled/ unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. While we have not experienced any major prolonged disruption in our business operations due to disputes or other problems with our work force in the past, there can be no assurance that we will not experience any such disruption in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management’s attention and result in increased costs. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. For further details of our business, Please refer to chapter titled “Business Overview” beginning on page 85 of this Draft Red Herring Prospectus.

31. We have entered into and may enter into related party transactions in the future also.

Our Company had entered into various related party transactions with our Promoters and Directors. These transactions, inter-alia includes salary, remuneration, loans and advances, rent and business take-over transactions etc. Our Company entered into such transactions at arm length price due to easy proximity and quick execution. The transaction is in compliance with Companies act and other applicable regulations. However, there is no assurance that we could not have obtained better and more favorable terms that our Company not entered into such related party transactions. Our Company may enter into such transactions in future also and we cannot assure that in such an event there would be no adverse effect on results of our operations. For details, please refer to Related Party Transactions of the Auditor’s Report under Section titled “Financial Information of the Company” beginning on page 129 of this Draft Red Herring Prospectus.

32. Our success is dependent on our Promoter, senior management and skilled manpower. Our inability to attract and retain key personnel or the loss of services of our Promoter or Managing Director and Whole Time Directors may have an adverse effect on our business prospects.

Our Promoters, Managing Director, Whole Time Director and senior management have significantly contributed to the growth of our business, and our future success is dependent on the continued services of our senior management team. Our Promoters, Laxmikant Sadashiv Kole, Madhuri Laxmikant Kole and Shirinivas Laxmikant Kole have experience of around 30 years, 20 years and 4 years respectively in the valve components industry. The experience of our Promoters has been instrumental in determining the vision and growth strategies for our Company. Prior to incorporation, our Promoter, Laxmikant Sadashiv Kole had commenced the business of manufacturing of machined and valves components through his proprietary concern M/s Balaji Enterprises, later during the year 2004, M/s Shrinivas Engineering proprietary concern was established by his wife & our promoter Madhuri Kole. An inability to retain any key managerial personnel may have an adverse effect on our operations. Our ability to obtain new clients also depends on our ability to

attract, train, motivate and retain highly skilled professionals, particularly at managerial levels. We might face challenges in recruiting suitably skilled personnel, particularly as we continue to grow and diversify our operations. In the future, we may also not be able to compete with other larger companies for suitably skilled personnel due to their ability to offer more competitive compensation and benefits. The loss of any of the members of our senior management team, our whole-time director or other key personnel or an inability on our part to manage the attrition levels; may materially and adversely impact our business, results of operations, financial condition and growth prospects. From time to time, it may be difficult to attract and retain qualified individuals with the requisite expertise and we may not be able to satisfy the demand from customers for our products because of our inability to successfully hire and retain qualified personnel. For further details of our Promoters and Management, please refer chapter titled “Our Promoters and Promoter Group” and “Our Management” beginning on page 123 & 110 of this Draft Red Herring Prospectus.

33. *Our insurance coverage may not be sufficient or may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.*

We could be held liable for accidents that occur at our manufacturing facilities or otherwise arise out of our operations. In the event of personal injuries, fires or other accidents suffered by our employees or other people, we could face claims alleging that we were negligent, provided inadequate supervision or be otherwise liable for the injuries. Our principal types of coverage include standard fire and special perils insurance policy, burglary insurance and workmen compensation insurance. However, we do not maintain any insurance policies to cover the risk of Cash in Transit, Goods in transit, Machinery Breakdown Insurance, Keyman insurance policy, Group personal Accident insurance, Group Medical Insurance for the employees and workers of the company, third part vehicle insurance for cranes etc. While we believe that the insurance coverage which we maintain would be reasonably adequate to cover the normal risks associated with the operation of our business, we cannot assure you that any claim under the insurance policies maintained by us will be honored fully, in part or on time, or that we have taken out sufficient insurance to cover all our losses. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at acceptable cost or at all. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, and which is not covered by insurance, exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial performance could be adversely affected.

34. *Our Company has issued Equity Shares in the last 12 months at a price which may be lower than the Issue Price.*

Our Company has issued Equity Shares in the last 12 months, which may be at a price lower than the Issue Price. Below are the details of the shares issued at a price which may be lower than the issue price –

Date of Allotment of Equity Shares	No. of Equity Shares allotted	Face Value	Nature of Allotment	Cumulative No. of Equity Shares
		(₹)		
June 17, 2023	59,90,000	10/-	Bonus issue in the Ratio of 599:1	60,00,000

For further details, see “Capital Structure” on page 54.

35. *Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements.*

Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements, capital expenditure and restrictive covenants of our financing arrangements. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements. We cannot assure you that we will be able to pay dividends in the future. For details of dividend paid by our Company in the past, see “Dividend Policy” on page 128.

36. *We will continue to be controlled by our Promoters after the completion of the Issue.*

After the completion of the Issue, our Promoters will hold majority of our outstanding Equity Shares. As a result, our Promoters will continue to exercise significant control over us, including being able to control the composition of our Board and determine matters requiring shareholder approval or approval of our Board. Our Promoters may take or block actions with respect to our business, which may conflict with our interests or the interests of our minority shareholders. By exercising their control, our Promoters could delay, defer or cause a change of our control or a change in our capital structure, delay, defer or cause a merger, consolidation, takeover or other

business combination involving us, discourage or encourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of us. We cannot guarantee that our Promoters and Promoter Group will act in our interest while exercising their rights

37. Our Promoter and Promoter Group members has provided personal guarantees and mortgage personal property for loans availed by our Company. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected by the invocation of all or any personal guarantees provided by our Promoter and Promoter Group members.

Our Promoter and Promoter Group Members has provided personal guarantees and mortgage personal property to secure a significant portion of our existing borrowings, and may post listing continue to provide such guarantees and other security. In case of a default under our loan agreements, any of the personal guarantees and personal property provided by our Promoter and Promoter Group Members may be invoked, which could negatively impact the reputation of our Company. Also, we may face certain impediments in taking decisions in relation to our Company, which in turn would result in a material adverse effect on our financial condition, business, results of operations and prospects and would negatively impact our reputation. In addition, our Promoter and Promoter Group Members may be required to liquidate his shareholding in our Company to settle the claims of the lenders, thereby diluting his shareholding in our Company. We may also not be successful in procuring alternate guarantees satisfactory to the lenders, as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details regarding loans availed by our Company, please refer "Statement of Financial Indebtedness" on page 169 of this Draft Red Herring Prospectus.

38. We have not received NOC from one of our lender for undertaking the initial public offer of equity shares.

As on the date of this Draft Red Herring Prospectus, we have not received the NOC for the Proposed Issue from one of our lender, namely HDFC Bank Limited. However, our Company intends to obtain the necessary NOC in relation to the proposed issue from such lender prior to the filing of the Prospectus with the RoC, undertaking the proposed issue without obtaining such lender NOC may constitute a default under such loan agreement, which could impact our loan facilities and may have an effect on our financial condition and results of operations.

39. Any Penalty or demand raise by statutory authorities in future will affect our financial position of the Company.

Our Company is mainly engaged in business of manufacturing of ready to assemble industrial valves components catering to different industries and in different sizes which attracts tax liability such as goods & Service Tax, Income Tax and other applicable provision of the Acts. However, the Company has been filing the return regularly under above applicable acts but any demand or penalty raise by concerned authority in future for any previous year and current year will affect the financial position of the Company. For detail, Please refer "Outstanding Litigation and Material Development" beginning on page 185 of Draft Red Herring Prospectus. Any such penalty arising in future may lead to financial loss to our Company.

40. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule.

The proposed fund requirement for our business, as detailed in the section titled "Objects of the Issue" is to be funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute our future plans/strategy within the given timeframe. For details, please refer to the Chapter titled "Objects of the Issue" beginning on page 65 of this Draft Red Herring Prospectus.

41. Our operations are subject to high working capital requirements. Our inability to maintain an optimal level of working capital required for our business may impact our operations adversely.

Our business requires significant amount of working capital and major portion of our working capital is utilized towards operating expenses, inventories and cash and cash equivalents. As on June 30, 2023, our working capital facility stood at Rs. 900 lakhs from HDFC Bank Limited. Our growing scale and expansion, if any, may result in increase in the quantum of current assets, which will increase our working capital requirements. Our inability to maintain sufficient cash flow, credit facility and other sources of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. Further, we have high outstanding amount due from our debtors which may result in a high risk in case of non-payment by these debtors. In case of any such defaults from our debtors, may affect our business operations and financials. For further details regarding working capital requirement, please refer to the section "Objects of the Issue" on page 65 of this Draft Red Herring Prospectus.

- 42. *The Objects of the Issue for which funds are being raised have not been appraised by any bank or financial institution. Any variation between the estimation and actual expenditure as estimated by the management could result in execution delays or influence our profitability adversely.***

The deployment of funds as stated in the “Objects of the Issue” beginning on page 65 of the Draft Red Herring Prospectus is entirely at the discretion of our management and has not been appraised by any independent agency. Further, the purposes for which the Net Proceeds are to be utilized have not been appraised by an independent entity and are based on our estimates. In the event, for whatsoever reason, we are unable to execute our plans, we could have a significant amount of unallocated net proceeds. In such a situation, we would have broad discretion in allocating these net proceeds from the Issue without any action or approval of our shareholders. In case the assumptions on which these estimates have been made are not correct or they become un-realistic then there will be a variation in the estimates and the actual expenditure incurred which could result in execution delays and have an adverse effect on our operations and profitability. The cost estimated by our management are based on their experience, however, we may have to reconsider our estimates or business plans due to changes in underlying factors, some of which are beyond our control, such as interest rate fluctuations, changes in input cost and other financial, operational and technological factors. Accordingly, prospective investors in the issue will need to rely upon our management’s judgment with respect to the use of proceeds. If we are unable to deploy the proceeds of the issue in a timely or an efficient manner, it may affect our business and results of operations

- 43. *There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.***

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above Rs. 10,000 Lacs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

- 44. *Any future issuance of Equity Shares, or convertible securities or other equity linked securities by us and any sale of Equity Shares by our significant shareholders may dilute your shareholding and adversely affect the trading price of the Equity Shares.***

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by us may dilute your shareholding in the Company, adversely affect the trading price of the Equity Shares and our ability to raise capital through an issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. No assurance may be given that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our significant shareholders, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that we will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

- 45. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.***

The issue price of the equity shares has been based on many factors and may not be indicative of the market price of our Equity Shares after the Issue. For further information please refer the section titled “Basis for Issue Price” beginning on page 72 of the Draft Red Herring Prospectus. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

- 46. *We have not independently verified certain data in this Draft Red Herring Prospectus.***

We have not independently verified data from the Industry and related data contained in this Draft Red Herring Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

EXTERNAL RISK FACTORS

47. We are heavily dependent upon the growth prospects of the valve industries and the industry which consume the valves produced by our customers.

Any slowdown in the rate of growth in the valve industry or the industry which consumes the valves manufactured by our customers, would seriously impact our own growth prospects and may result in decline in profits. Our Company's business involves supply of valve components to valve manufacturers which are further used in the oil and gas sector, power generation sector, Petro-chemical industry, construction equipment manufacturing industry along with pharmaceuticals, food and beverage industry, etc. The demand for their products will ultimately be from industries, which in turn depend on global and domestic economic conditions. Due to the lack of demand, the slowdown in these industries may have an adverse impact on our business

Further, we also export our valve components across different countries in the world, in case of any reduction in demand from the overseas customers due to any local disturbances in those areas may have an adverse effect on our export revenue. Further, in these may be restrictions being placed by our Government or the ruling government in those countries which may affect the free movement of goods from one country to another and have an adverse effect on our export volumes.

48. Political, economic or other factors that are beyond our control may have an adverse effect on our business, results of operations and cash flows.

We currently operate in India and are dependent on domestic, regional and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent on the metal pricing and development in the valve industry in the Indian economy. There have been periods of slowdown in the economic growth of India. For instance, the situations of lock-down due to pandemic Covid-19 spread in India and all other parts of world. If such condition prevail for longer time the demand for our products & services may be adversely affected by an economic downturn in domestic, regional and global economies. India's economic growth is also affected by various other factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, cash flows and financial condition. Also, a change in the Government or a change in the economic and deregulation policies could affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

49. Significant differences exist between Indian GAAP and other accounting principles, such as U.S. GAAP and IFRS, which investors may be more familiar with and may consider material to their assessment of our financial condition.

Our financial statements are prepared and presented in conformity with Indian GAAP. No attempt has been made to reconcile any of the information given in this document to any other principles or to base it on any other standards. Indian GAAP differs in certain significant respects from IFRS, U.S. GAAP and other accounting principles with which prospective investors may be familiar in other countries. If our financial statements were to be prepared in accordance with such other accounting principles, our results of operations, cash flows and financial position may be substantially different. Prospective investors should review the accounting policies applied in the preparation of our financial statements, and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar.

50. Financial instability, economic developments and volatility in securities markets in other countries may also cause the price of the Equity Shares to decline.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging Asian market countries. Financial turmoil in Europe and elsewhere in the world in recent years has affected the Indian economy. In recent times, the Indian financial markets had been negatively affected by the volatility in global financial market, including on account of certain European nations' debt troubles and move to break away by the United Kingdom from the European Union. Although, economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. Currencies of a few Asian countries have in the past suffered depreciation against the U.S. Dollar. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur and could harm our business, future financial performance and the prices of the Equity Shares.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections in recent years. Liquidity and credit concerns and volatility in the global credit and financial markets have increased significantly with the bankruptcy or acquisition of, and government assistance extended to, several major U.S. and European financial institutions. These events have had a significant impact on the global credit and financial markets as a whole, including reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in global credit and financial markets. In response to such developments, legislators and financial regulators in countries have implemented a number of policy measures, designed to add stability to the financial markets. However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current difficult conditions in the global credit markets continue or if there is any significant financial disruption, such conditions could have an adverse effect on our business, future financial performance and the trading price of the Equity Shares.

51. *The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.*

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighboring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in different parts and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

52. *A significant change in the Government of India's economic liberalization and deregulation policies could adversely affect our business and the price of our Equity Shares.*

The Government of India has traditionally exercised, and continues to exercise, a dominant influence over many aspects of the economy. Unfavorable government policies could adversely affect business and economic conditions in India, and could also affect our ability to implement our strategy and our future financial performance. It is very difficult to predict the economic policies that will be pursued by the Government of India. For example, there may be an increasing number of laws and regulations, which may affect the free trade by the companies. The rate of economic liberalization could change and specific laws and policies could change as well. Any significant change in India's economic liberalization and deregulation policies could adversely affect business and economic conditions in India generally and our business in particular.

53. *A slowdown in economic growth in India may adversely affect our business, financial condition, cash flows, results of operations and prospects.*

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by center or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. Further, there have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results.

54. *Instability in financial markets could materially and adversely affect our results of operations and financial condition.*

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. The global financial turmoil, an outcome of the sub-prime mortgage crisis which originated in the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil, evident from the sharp decline in

SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

55. Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in affect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained

56. Any downgrading of India's debt rating by an independent may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by anu international rating agencies may adversely impact our ability to raise additional financing, and the interest rate and other commercial terms at which such additional financing may be available. This could have adverse effect on our business and future financial performance, its ability to obtain financing for capital expenditures and the price of our Equity Shares.

The present Issue has been authorized by our Board pursuant to a resolution passed at its meeting held on July 24, 2023 and by our Equity Shareholders vide a special resolution passed pursuant to Section 62(1)(c) of the Companies Act, 2013 at the Annual General meeting held on July 31, 2023.

Notes:

- 1) The Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time. This Issue is being made by our company in terms of Regulation of 229 (1) of SEBI ICDR Regulations read with Rule 19(2)(b)(i) of SCRR wherein not less than 25% of the post – issue paid up equity share capital of our company are being offered to the public for subscription.
- 2) The SEBI ICDR Regulations permit the issue of securities to the public through the Book Building Process, which states that, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation on a proportionate basis to Retail Individual Bidders and not more than 50% of the Net Issue shall be allotted on a proportionate basis to QIBs, subject to valid Bids being received at or above the Issue Price. Accordingly, we have allocated the Net Issue i.e. not more than 50% of the Net Issue to QIB and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Investors and not less than 15% of the Net Issue shall be available for allocation to Non-institutional bidders.
- 3) Subject to valid Bids being received at or above the Issue Price, undersubscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories of Bidders at the

discretion of our Company in consultation with the Book Running Lead Managers and the Designated Stock Exchange, subject to applicable laws.

Our Company may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription in the Anchor Investor Portion, the remaining Equity Shares shall be added to the QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. However, if the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion, the balance Equity Shares available for allotment in the Mutual Fund Portion will be added to the Net QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For further details, please refer section titled "Issue Procedure" beginning on page 213 of this Draft Red Herring Prospectus.

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue is being made through the Book Building Process wherein not more than 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the BRLM allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the “Anchor Investor Portion”), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Issue Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price. All potential Bidders may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, QIBs bidding in the QIB Portion and Non-Institutional Bidders bidding in the Non-Institutional Portion are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders can revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/Issue Period. Allocation to the Anchor Investors will be on a discretionary basis.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention are invited to the chapter titled “Issue Procedure” beginning on page 213 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “Issue Procedure” on page 213 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%

2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalize the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- 1) Check eligibility for making a Bid (see section titled "Issue Procedure" on page 213 of this Draft Red Herring Prospectus);
- 2) Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- 3) Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- 4) Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant's verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- 5) Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

Note-1 Our Company in consultation with the Book Running Lead Manager, may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations

Note-2 Our Company in consultation with the BRLM, consider closing the Bid/Issue Period for QIBs one Working Day prior to the Bid/Issue Closing Date in accordance with the SEBI ICDR Regulations.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/Issue Closing Date maybe extended in consultation with the BRLM, RTA and BSE SME taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be

uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue at any time before the Bid/Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Bid/Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre- Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the registration of Prospectus with RoC.

Details of the Market Making arrangement for this Issue

Our Company and the BRLM has entered into Market Making Agreement dated August 07, 2023 with the following Market Maker, to fulfill the obligations of Market Making for this issue:

Name	Hem Finlease Private Limited
Correspondence Address	203, Jaipur Tower, M. I. Road, Jaipur, Rajasthan, 302001, India.
Tel No.	0141-4051000
E-mail	ib@hemsecurities.com
Website	www.hemsecurities.com
Contact Person	Ashok Soni
SEBI Registration No.	INZ000167734
Market Maker Registration No.	SMEMM0674109092020

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the BSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market making arrangement:

- The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
- The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the BSE SME and SEBI from time to time.
- The minimum depth of the quote shall be ₹ 1,00,000/-. However, the investors with holdings of value less than ₹ 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME platform of BSE (in this case currently the minimum trading lot size is [●] equity shares; however the same may be changed by the SME platform of BSE from time to time).
- After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.
- There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, BSE may intimate the same to SEBI after due verification.
- Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.

- The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
- There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market- for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
- The Market Maker(s) shall have the right to terminate said arrangement by giving a six months' notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement.
- In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018, as amended. Further our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 10.00 a.m. to 5.00 p.m. on working days.
- Risk containment measures and monitoring for Market Makers: BSE SME will have all margins, which are applicable on BSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
- Punitive Action in case of default by Market Makers: SBE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties/ fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- Price Band and Spreads: The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
- Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹20 to ₹50 Crore	20%	19%
₹50 to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹ 250 Crores, the applicable price bands for the first day shall be:

- i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

Additionally, the securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for first 10 days from commencement of trading. The following spread will be applicable on the SME platform.

S. No.	Market Price Slab (in ₹)	Proposed Spread (in % to sale price)
1	Up to 50	9
2	50 to 75	8
3	75 to 100	6
4	Above 100	5

All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

Notes:

- We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.
- All quotations received from the vendors mentioned above are valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the machineries/equipment's or at the same costs.
- The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of machinery or vendor or addition/deletion of any machinery) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other machinery, equipment's or utilities, as required for manufacturing. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries, equipment's and utilities for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Issue.
- We are not acquiring any second hand machinery.
- The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the project cost.

Further, cost can be escalated on account of freight expenses, installation charges, packaging & forwarding, custom duty etc. Such cost escalation would be met out of either of surplus portion of net issue proceeds (if any) or our internal accruals. All amounts are inclusive of taxes.

2. To Meet Working Capital Requirements

Our business is working capital intensive as the major capital is invested in inventories and trade receivables. STATEMENT OF SPECIAL TAX BENEFIT

To,
The Board of Directors,
Shri Balaji Valve Components Limited
Plot No. PAP B-31, Phase-2 Khed,
Chakan MIDC, Bhamboli,
Pune- 410501, Maharashtra

Dear Sirs,

Sub: Statement of Tax Benefits ('The Statement') available to Shri Balaji Valve Components Limited ('The Company') and its shareholders under the Direct and Indirect Tax Laws in India

We hereby report that the enclosed annexure prepared by the management of Shri Balaji Valve Components Limited, states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "GST Act") presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that; this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether:

- a) The Company or its shareholders will continue to obtain these benefits in future; or
- b) The conditions prescribed for availing the benefits have been/would be met.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein.

We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft Offer Document/ Offer Document or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our prior written consent.

Yours faithfully,

For M/s. Kishor Gujar & Associates

ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS

The information provided below sets out the special tax benefits available to the Company and the Equity Shareholders under the Income Tax Act, 1961 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

A. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE COMPANY

The Company is not entitled to any special tax benefits under the Income Tax Act, 1961 and GST Act.

B. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE SHAREHOLDERS

The Shareholders of the Company are not entitled to any special tax benefits under the Income Tax Act, 1961 and GST Act.

Notes:

For the purpose of reporting here, we have not considered the general tax benefits available to the company or shareholders.

The above statement covers only certain relevant direct tax law benefits and indirect tax law benefits or benefit.

No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

A new Section 115BAA has been inserted by the Taxation Laws (Amendment) Act, 2019 ('the Amendment Act, 2019') with effect from Financial Year 2019-20 granting an option to domestic companies to compute corporate tax at a reduced rate of 25.168% (22% plus surcharge of 10% and cess of 4%), provided such companies do not avail specified exemptions/ incentives. The option under section 115BAA of the Act once exercised cannot be subsequently withdrawn for any future financial year. The Amendment Act, 2019 further provides that domestic companies availing such option will not be required to pay Minimum Alternate Tax ('MAT') under Section 115JB. The CBDT has further issued Circular 29/2019 dated October 02, 2019 clarifying that since the MAT provisions under Section 115JB itself would not apply where a domestic company exercises option of lower tax rate under Section 115BAA, MAT credit would not be available.

In such a case, the Company is not allowed to claim any of the following deductions/ exemptions under the Act:

- Deduction under the provisions of Section 10AA.
- Deduction under clause (iia) of sub- section (1) of Section 32 (additional depreciation).
- Deduction under section 32AD or Section 33AB or Section 33ABA
- Deduction under section 35AD or Section 35CCC
- Deduction under section 80G

Lower corporate tax rate under Section 115BAA of the Act and Minimum Alternate Tax ('MAT') credit under section 115JAA of the Act which are in general available and hence may not be treated as special tax benefits.

The Company has evaluated and decided to exercise the option permitted under Section 115BAA of the Act for the purpose of computing its income-tax liability from the Financial Year 2022-23 onwards.

SECTION V – ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this section has been extracted from various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with the issue has independently verified the information provided in this section. Industry sources and publications, referred to in this section, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

GLOBAL ECONOMY OVERVIEW

The global economy remains in a precarious state amid the protracted effects of the overlapping negative shocks of the pandemic, the Russian Federation’s invasion of Ukraine, and the sharp tightening of monetary policy to contain high inflation. Global growth is projected to slow significantly in the second half of this year, with weakness continuing in 2024. Inflation pressures persist, and tight monetary policy is expected to weigh substantially on activity. Recent banking sector stress in advanced economies will also likely dampen activity through more restrictive credit conditions. The possibility of more widespread bank turmoil and tighter monetary policy could result in even weaker global growth. Rising borrowing costs in advanced economies could lead to financial dislocations in the more vulnerable emerging market and developing economies (EMDEs). In low-income countries, in particular, fiscal positions are increasingly precarious. Comprehensive policy action is needed at the global and national levels to foster macroeconomic and financial stability. Among many EMDEs, and especially in low-income countries, bolstering fiscal sustainability will require generating higher revenues, making spending more efficient, and improving debt management practices. Continued international cooperation is also necessary to tackle climate change, support populations affected by crises and hunger, and provide debt relief where needed. In the longer term, reversing a projected decline in EMDE potential growth will require reforms to bolster physical and human capital and labor-supply growth.

A. Contributions to global growth

B. Growth in EMDEs

After growing 3.1 percent last year, the global economy is set to slow substantially in 2023, to 2.1 percent, amid continued monetary policy tightening to rein in high inflation, before a tepid recovery in 2024, to 2.4 percent. Tight global financial conditions and subdued external demand are expected to weigh on growth across emerging market and developing economies (EMDEs). Projections for many countries have been revised down over the forecast horizon, with upgrades primarily due to stronger-than-expected data at the beginning of 2023 more than offset by downgrades thereafter. Inflation has been persistent but is projected to decline gradually as demand weakens and commodity prices moderate, provided longer-term inflation expectations remain anchored.

Global growth could be weaker than anticipated in the event of more widespread banking sector stress, or if more persistent inflation pressures prompt tighter-than-expected monetary policy. Weak growth prospects and heightened risks in the near term compound a long-term slowdown in potential growth, which has been exacerbated by the overlapping shocks of the pandemic, the Russian Federation’s invasion of Ukraine, and the sharp tightening of global financial conditions. This difficult context highlights a multitude of policy challenges. Recent bank failures call for a renewed focus on global financial regulatory reform. Global cooperation is also necessary to accelerate the clean energy transition, mitigate climate change, and provide debt relief for the rising number of countries experiencing

debt distress. At the national level, it is imperative to implement credible policies to contain inflation and ensure macroeconomic and financial stability, as well as undertake reforms to set the foundations for a robust, sustainable, and inclusive development path.

E. Model-based global CPI inflation projections

F. EMDE GDP per capita

Regional Prospects.

Growth in advanced economies in late 2022 and early 2023 slowed less than expected, as tight labor markets supported robust wage growth and prevented a sharper slowdown in consumption. The tightness in labor markets is in part related to a slowdown in labor supply, with labor force participation rates falling (partly because of a rise in early retirements) and, in the United States, a decline in hours worked by those employed (Lee, Park, and Shin 2023). In the first quarter of 2023, GDP expanded by 1.1 percent in the United States on a quarterly basis, supported by broadly robust consumption. Euro area GDP grew by 0.3 percent at an annualized rate, reflecting lower energy prices, easing supply bottlenecks, and fiscal policy support for firms and households. Advanced-economy growth is projected to slow to an annual average of 0.7 percent in 2023. This largely reflects the continued effect of considerable central bank policy rate hikes since early 2022. More restrictive credit conditions due to banking sector stress in advanced economies should slow domestic demand further in 2023. Past increases in energy prices and the expected softening in labor markets are also projected to weigh on activity. Growth is expected to accelerate modestly to 1.2 percent in 2024 due to a pickup in the euro area. Stronger-than-expected activity in early 2023 is projected to push average annual growth 0.2 percentage point above the January forecast, despite an expected weakening in the second half. In contrast, the pickup in growth in 2024 is weaker than previously forecast, owing to the more delayed impact of monetary policy rate increases, as well as additional headwinds from tighter credit conditions.

A. Wage growth

B. Bank lending

EMDE growth firmed somewhat in early 2023. External demand for many countries was supported by the pickup in growth in China and the unexpected resilience in advanced economies. Indicators of EMDE domestic demand have improved, but from a low level. Consumer confidence, for example, has improved slightly from its trough in the last quarter of 2022, but remains well below recent averages. Services activity also picked up to start the year, with services PMIs indicating solid expansion in several large EMDEs. Although measures of EMDE financial stress have generally declined since last year, financing costs remain elevated, reflecting both domestic and advanced-economy monetary policy tightening. This has weighed on EMDE investment and output in sectors that are more sensitive to interest rate movements, such as industrial production and construction. Industrial production in EMDEs excluding China declined sharply in the second half of last year but rebounded somewhat in the first quarter of 2023. New orders in EMDE manufacturing PMIs have shown modestly increasing output, after signaling contraction for much of 2022. International tourism flows have been slow to respond to China’s reopening but have normalized substantially compared with last year.

A. EMDE consumer confidence

C. Growth of EMDE industrial production

INDIAN ECONOMY AT A GLANCE

India is one of the fastest growing economies of the world and is poised to continue on this path, with aspirations to reach high middle income status by 2047, the centenary of Indian independence. It is also committed to ensuring that its continued growth path is equipped to deal with the challenges of climate change, and in line with its goal of achieving net-zero emissions by 2070. The growth of the past two decades has also led to India making remarkable progress in reducing extreme poverty. Between 2011 and 2019, the country is estimated to have halved the share of the population living in extreme poverty - below \$2.15 per person per day (2017 PPP) (World Bank Poverty and Inequality Portal and Macro Poverty Outlook, Spring 2023). In recent years, however, the pace of poverty reduction has slowed especially during the COVID-19 pandemic, but has since moderated in 2021-22.

Certain challenges persist. Inequality in consumption continues, with a Gini index of around 35 over the past two decades. Child malnutrition has remained high, with 35.5 percent of children under the age of 5 years being stunted, with the figure rising to 67 percent for children in the 6-59 months age group. Headline employment indicators have improved since 2020 but concerns remain about the quality of jobs created and the real growth in wages, as well as around the low participation of women in the labor force. India’s aspiration to achieve high income status by 2047 will need to be realized through a climate-resilient growth process that delivers broad-based gains to the bottom half of the population. Growth-oriented reforms will need to be accompanied by an expansion in good jobs that keeps pace with the number of labor market entrants. At the same time, gaps in economic participation will need to be addressed, including by bringing more women into the workforce.

Indian Economic Outlook

After real GDP contracted in FY20/21 due to the COVID-19 pandemic, growth bounced back strongly in FY21/22, supported by accommodative monetary and fiscal policies and wide vaccine coverage. Consequently, in 2022, India emerged as one of the fastest growing economies in the world, despite significant challenges in the global environment – including renewed disruptions of supply

lines following the rise in geopolitical tensions, the synchronized tightening of global monetary policies, and inflationary pressures. In FY22/23, India’s real GDP expanded at an estimated 6.9 percent. Growth was underpinned by robust domestic demand, strong investment activity bolstered by the government’s push for investment in infrastructure, and buoyant private consumption, particularly among higher income earners. The composition of domestic demand also changed, with government consumption being lower due to fiscal consolidation.

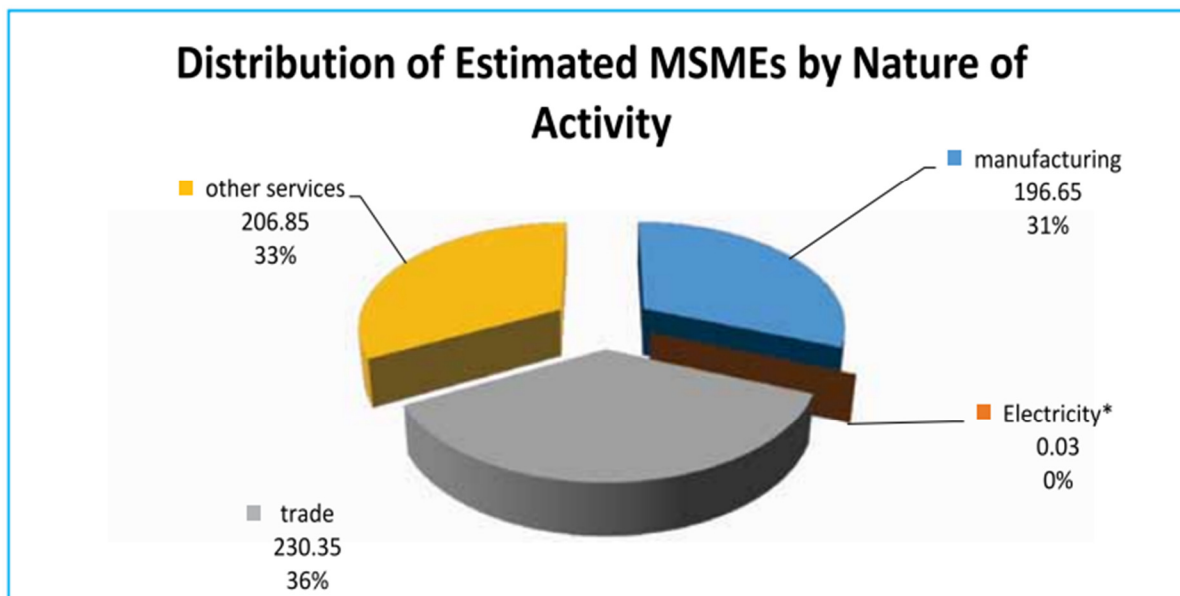

Since Q3 FY22/23, however, there have been signs of moderation, although the overall growth momentum remains robust. The persisting headwinds – rising borrowing costs, tightening financial conditions and ongoing inflationary pressures – are expected to weigh on India’s growth in FY23/24. Real GDP growth is likely to moderate to 6.3 percent in FY23/24 from the estimated 6.9 percent in FY22/23. Both the general government fiscal deficit and public debt to GDP ratio increased sharply in FY20/21 and have been declining gradually since then, with the fiscal deficit falling from over 13 percent in FY20/21 to an estimated 9.4 percent in FY22/23. Public debt has fallen from over 87 percent of GDP to around 83 percent over the same period. The consolidation has largely been driven by an increase in revenues and a gradual withdrawal of pandemic-related stimulus measures. At the same time, the government has remained committed to increasing capital spending, particularly on infrastructure, to boost growth and competitiveness.

Micro, Small and Medium Enterprises

MSMEs in India are playing a crucial role by providing large employment opportunities at comparatively lower capital cost than large industries as well as through industrialization of rural & backward areas, inter alia, reducing regional imbalances, assuring more equitable distribution of national income and wealth. As per the National Sample Survey (NSS) 73rd round, conducted by National Sample Survey Office, Ministry of Statistics & Programme Implementation during the period 2015-16, there were 633.88 lakh unincorporated non-agriculture MSMEs in the country engaged in different economic activities (196.65 lakh in Manufacturing, 0.03 lakh in Non-captive Electricity Generation and Transmission¹, 230.35 lakh in Trade and 206.85 lakh in Other Services) excluding those MSMEs registered under (a) Sections 2m(i) and 2m(ii) of the Factories Act, 1948, (b) Companies Act, 1956 and (c) construction activities falling under Section F of National Industrial Classification (NIC) 2008.

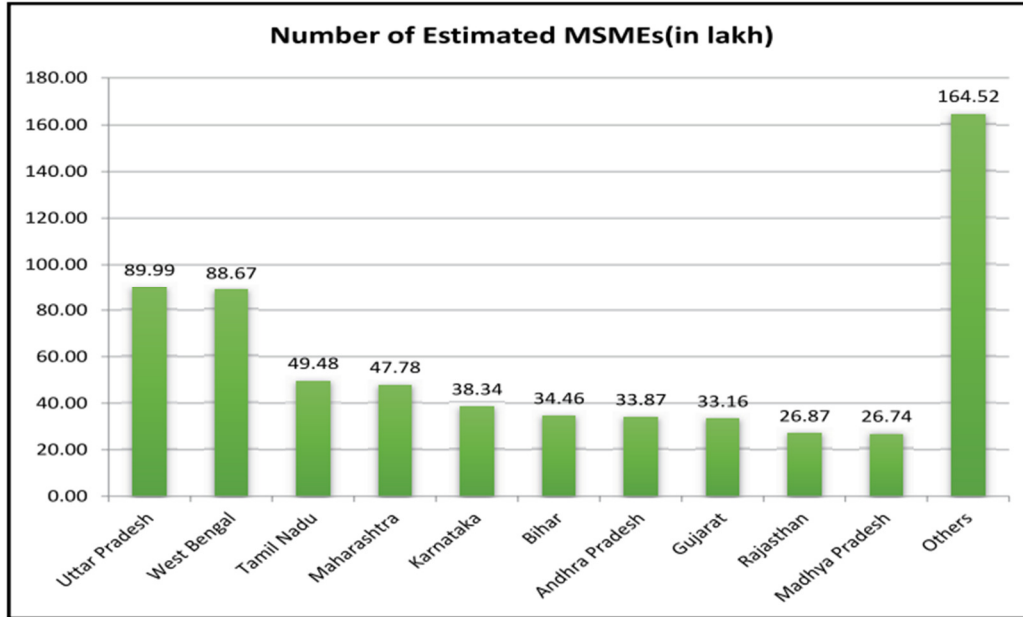

Figure 2.1 Distributions of Estimated MSMEs (Nature of Activity Wise)

*Non-captive electricity generation and transmission

State of Uttar Pradesh had the largest number of estimated MSMEs with a share of 14.20% of MSMEs in the country. Top 10 States accounted for a share of 74.05% of the total estimated number of MSMEs in the country.

ABOUT VALVES

A valve is a device that regulates controls or directs the flow of a fluid by opening, closing, or partially obstructing fluid flow. A valve is a device that regulates, directs or controls the flow of a fluid (gases, liquids, fluidized solids or slurries) by opening, closing or partially obstructing various passageways. Valves are technically called as valves fittings, but are usually discussed as a separate category. In an open valve, fluid flows in a direction from higher to lower pressure. The word is derived from the Latin word “valva”, the moving part of a door, in turn from volvere, to turn, roll.

Valves have many uses, including controlling fluid flow for irrigation, industrial uses, controlling process and residential uses such as on/off and pressure control to dish and clothes washer and taps in the home. Even aerosols have a tiny valve built in valves are also used in the military and transport sectors.

Basically, it controls flow & pressure. Different types of valves are used to serve these functions. There are mainly about 9 Different Types of Valves used in Piping such as Gate Valve, Globe Valve, Check Valve, Plug valve, Ball Valve, Butterfly Valve, Needle Valve, Pinch Valve and Pressure Relief Valve. The item proposed is basically a casting, machined & assembled product. The castings of metals and alloys of copper, zinc, tin, aluminum, lead, alloy steel, CI etc. come under the group of non-ferrous & Ferrous castings. Some of the prominent valve castings are Brass, Bronze, Aluminum Bronze, Gun Metal, Stainless Steel, Cast Iron etc. are used to manufacture various types of valves for domestic and industrial applications.

Market Potential

The global industrial valves market size was valued at USD 48.1 billion in 2020 and is projected to reach USD 85.7 billion by 2025. It is expected to grow at a Compound Annual Growth Rate (CAGR) of 12.3% during the forecast period. Increasing demand for valves from the pharmaceuticals industry due to the outbreak of the COVID-19 pandemic, growing focus on the development of smart cities globally, rising need for connected networks to maintain and monitor industrial equipment, and surging requirement for establishing new nuclear power plants and revamping existing ones are the key driving factors for the industrial valves market.

An increase in demand from the energy & power sector is also likely to drive the industrial valves market for the energy & power end-use industry gradually from 2021 to 2025. Metallic valves are non-ferrous & ferrous castings depending upon applications, are fast consuming items and the area of application for these items are vast due to their certain inherent advantages of mechanical and chemical properties. The industrial valves market is segmented on the basis of type, function, material, accessories, size and application. The growth among segments helps to analyze niche pockets of growth and strategies to approach the market and determine your core application areas and the difference in your target markets.

On the basis of size, the industrial valves market is segmented into 1 inch to 6 inch, 6 inch to 12 inch, 12 inch to 24 inch, 24 inch to 48 inch and above 48 inch. On the basis of application, the industrial valves market is segmented into oil and gas, water and waste treatment, chemical, energy and utilities, food and beverages, pharmaceutical, agriculture, marine, automotive, metals and mining, paper and pulp and others.

STEEL SECTOR OUTLOOK

Performance of Steel sector during April-May, FY24 has been encouraging. The production of crude steel at 22.30 million tonnes (MT), finished steel at 21.48 MT and consumption of finished steel at 20.31 MT during April-May, FY24 was the highest in corresponding period of last five years. The month-wise production and consumption indicates to an overall increasing trend with month-on-month fluctuations and that the production and consumption of steel increased in May '23 over their respective levels in April '23.

Export-Import Scenario: During the month of May '23, the exports and imports of finished steel decreased as compared to previous month

The prices of iron ore declined during April '22 to July '22. However, after December '22 it has shown some recovery and declining since April '23

OUR BUSINESS

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section “Forward-Looking Statements” for a discussion of the risks and uncertainties related to those statements and also the section “Risk Factors” for a discussion of certain factors that may affect our business, financial condition, or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the twelve-month period ended March 31 of that year. In this section, a reference to the “Company” or “we”, “us” or “our” means Shri Balaji Valve Components Limited.

All financial information included herein is based on our “Financial information of the Company” included on page 129 of this Draft Red Herring Prospectus.

Business Overview

Our Company, an ISO 9001-2015 certified company, is engaged in the business of manufacturing of ready to assemble valve components catering to manufacturing of the valves which are used in different industries and in different size depending on the customer’s specifications. We manufacture and supply various types of valve components which are used in manufacturing of ball valves, butterfly valves and other valve including forging products. Our valve components are used to manufacture valves which serve industries which are in different sectors. Further, our manufacturing system have been certified for establishment and application of the Quality management system for manufacturer of materials according to directives 2014/68/EU by PED & the products manufactured by closed die forging have been certified to comply with the requirements specified by NORSOK.

We are into machining of components and delivering ‘Ready to assemble’ valve components according to customers designs and specifications. Currently, our company is operating from its 2 manufacturing facilities located at Pune, Maharashtra. One of our manufacturing facilities is located at Bhosari, Pune which is equipped with the forging capabilities and heat treatment capabilities, the second manufacturing facility is located at Chakan MIDC, Bhamboli, Pune which undertakes the machining work. Most of our valves components are made as per the requirements specified by our customers’. We work in close connections with our clients, so that our valve components match with the customers’ requirement and can handle the desired applications. Over the years, our valve components have proved suitable and safe for many operations requirements. We manufacture valve components using the forging method, bar routing method and casting methods. In case of any casting products, we generally get the casts manufactured from the customers nominated vendors or outsourcing. The use of methods depends upon the manufacturing plans, customer requirements, component manufactured, material complexity etc.

Our company was incorporated in 2011, prior to the incorporation our Promoter, Laxmikant Sadashiv Kole had commenced the business of manufacturing of machined and valves components through his proprietary concern M/s Balaji Enterprises, from where he started the initial production during the year 1992. With the knowledge of valve component industry, the vision and business intellect of our promoter, the proprietorship concern of our promoter expanded its operations during the first decade of its operation. Later during the year 2003, to co-op with the similar business and allied activities, M/s Shrinivas Engineering proprietary concern was established by Madhuri Laxmikant Kole, our promoter. Later, during the fiscal 2021, in order to achieve the synergy benefits from combining both the proprietary concerns the promoters decided to transfer all the assets and liabilities of both the proprietorship concern i.e. M/s Balaji Enterprises & M/s Shrinivas Engineering to our company.

Our manufacturing facility situated at Bhosari, Pune is equipped with forging plant of upto 1.5 metric tonne hammer, oil fired furnace, trimming press, heat treatment furnace etc. which can be used for functions like annealing, hardening, tempering and normalizing along with manufacturing forging components. During the year 2023, we established our second manufacturing unit at Chakan MIDC, Bhamboli, Pune which is a two floored shop facility, equipped with machines like air compressor, ball grinding machine, multi spindle drilling machine, bandsaw machine, tool grinding machine, lathe machine, VMC machine, CNC machine, surface polishing machine, HMC machine, radial drilling machine, bench grinder, fiber laser marking machine etc. The facilities are equipped with crane, centralised air and coolant line, material movement vehicles etc for material movement and ease in operations. The facilities also have fire system for safety of the infrastructure and our employees. To adhere to the quality of components we have an inhouse testing facility which is equipped with TRIMOS, relevant measurement instruments. Our manufacturing facilities are equipped with machines suitable for carrying out our manufacturing operations smoothly and efficiently.

Our Promoters, Laxmikant Sadashiv Kole, Madhuri Laxmikant Kole and Shrinivas Laxmikant Kole have experience of around 30 years, 20 years and 4 years respectively in the valve components industry. The experience of our Promoters has been instrumental in determining the vision and growth strategies for our Company. We further believe that our market position has been achieved by adherence to the vision of our Promoters and senior management team and their experience of the industry.

Our company is very quality conscious and make continuous efforts to maintain the desired level of quality starting from the raw material inward stage, manufacturing process and packaging and storage stage. We maintain a continuous check at different levels of output to ensure that the product is in conformity with quality standards and meet the customer's specification. We also undertake discussion with the customers to understand the design specifications at the RFQ stage to the production stage, so that the valve components match with the customer's requirements. We have obtained ISO 9001:2015 for Quality Management System issued by DNV - Business Assurance for manufacture and sale of forged and heat-treated components, machined components, and production tooling for engineering industry. Further, our manufacturing system have been certified for establishment and application of the Quality management system for manufacturer of materials according to directives 2014/68/EU by PED & the products manufactured by closed die forging have been certified to comply with the requirements specified by NORSOK.

During the last 3 years we have exported our valve components to different countries namely Dubai, Germany, Singapore, Taiwan, Italy, South Africa, USA, United Kingdom, Qatar & Pennsylvania. We believe that our growth has been due to our ability to understand customer needs and build a product of optimal design and required specifications. As is reflected in our restated revenue which has grown from Rs. 1607.11 lakhs in Fiscal 2021 to Rs. 6232.33 lakhs in Fiscal 2023 and our restated profit after tax has increased from a loss of Rs. 3.22 lakhs in Fiscal 2021 to profit of Rs. 647.60 lakhs in Fiscal 2023.

1. Revenue from Operations means the Revenue from Operations as appearing in the Restated Financial Statements
2. EBITDA is calculated as Profit before tax + Depreciation + Interest Expenses - Other Income
3. 'EBITDA Margin' is calculated as EBITDA divided by Revenue from Operations
4. 'PAT Margin' is calculated as PAT for the period/year divided by revenue from operations.
5. Net worth means the aggregate value of the paid-up share capital and reserves and surplus of the company.
6. Return on Net Worth is ratio of Profit after Tax and Net Worth.
7. Return on Capital Employed is calculated as EBIT divided by capital employed, which is defined as shareholders' equity plus total borrowings {current & non-current}.

Our Product Portfolio

Our company is engaged in the business of manufacturing ready to assemble valves components catering to different industries. These components along with other part can be assembled into Valve which are used for on-off or throttling control of non-corrosive or mildly corrosive substances.

Ball Valve expanded view	Butterfly valve expanded view
---------------------------------	--------------------------------------

We manufacture different components like ball, stems, body of the valve, connectors, trunnion, flanges, housings, rings, shafts, bonnets, discs, sleeves etc. which are used in different types of valves like Ball Valve, Butterfly Valve, Control valve, globe, gate & check valves. Based on the above structure, we manufacture different components of the valve which are further based on the requirements of the customers. The components are designed to meet low/ high pressure application requirements in varied industries. Apart from the above mentioned products, we also manufacture forging components which are used in valve manufacturing.

Below are the brief details of some of the major components we manufacture –

Component Name	
<p>Product Name - Ball</p> <p>Product Details - SSBV & TMBV balls</p> <p>Size - 1/2" to 10"</p> <p>Manufacturing - forging method, bar route method & centrifugal casting method.</p> <p>Uses – The ball are fitted inside the ball valve, these ball regulate the flow of liquid or gases based on the lever movements.</p>	

Product Name - Stem
 Product Details - SSBV & TMBV STEMS
 Size - 1/2" to 60"
 Manufacturing - forging method & bar route method
 Uses – The stem of a valve is used to open/close the valve. The stem connect the ball with the levers which regulate the flows.

Product Name - Bonnet
 Size - 1" to 20"
 Manufacturing - forging method & bar route method
 Uses - The bonnet serves as the mounting base for the valve. It includes the seal which prevents fluid leakage along the stem and hold the valve components.

Product Name - Body
 Size - 2" to 24"
 Manufacturing - forging method & casting method
 Uses - The body is a key element, it contains all the moving components that contact with the fluid and has to withstand the pressure.

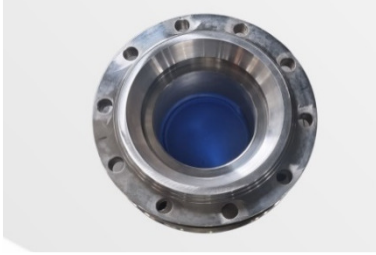

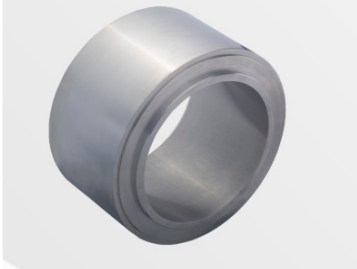

Product Name - Trunnion
 Size - 2" to 48"
 Manufacturing - forging method & bar route method
 Uses - The trunnion is attached to the ball that acts as a support that allows the ball to rotate. The trunnion is connected to the valve's body and is held in place by bearings.

Product Name - Flange
 Size - 2" to 60"
 Manufacturing - forging method & bar route method
 Uses – The flange act as a connection between the valve and the end connectors.

<p>Product Name - End-connector Size - 2" to 48" Manufacturing - forging method & casting method Uses - The end connectors are used to connect the valve to the system which are using the valve.</p>	
<p>Product Name - Sleeves Size - 1" to 20" Manufacturing - forging method & bar route method Uses - The internal elements of a valve trim, typically includes a disk, seat, stem, and sleeves needed to guide the stem/flow.</p>	
<p>Product Name - Plugs Size - 1" to 12" Manufacturing - forging method & bar route method Uses - The plug has an opening in the center that allows for flow through the valve in the open position when the cavity is parallel to the flow. When the controlling lever rotates, the plug inside the valve assembly turns and the cavity is perpendicular to the flow which in turn stops the flow.</p>	

Our Competitive Strength

1. Integrated manufacturing capabilities

Currently, our company is operating from its 2 manufacturing facilities located at Pune, Maharashtra having the required machines which are capable of forging, heating and machining capabilities. One of our manufacturing facilities is located at Bhosari, Pune which is equipped with the forging capabilities and heat treatment capabilities, the second manufacturing facility is located at Chakan MIDC, Bhamboli, Pune which undertakes the machining work. Our manufacturing facilities are equipped with standard machines suitable for carrying out our manufacturing operations smoothly and efficiently. Our manufacturing facility situated at Bhosari, Pune is equipped with forging plant of upto 1.5 metric tonne closed die hammer & 28 kgs along with electric PLC controlled pusher type continuous furnace with a capacity of around 120 kg/hr. heating capabilities which can be used for functions like annealing, hardening, tempering and normalizing. Also, our second manufacturing unit at Chakan MIDC, Bhamboli, Pune is equipped with machines like CNC Machines, VMC Machines, SPM Ball Machines, HMC Machines, Ball Grinding Machines, CNC VTL Machines & VTL Machine along with different supporting machineries like cranes, lifts etc. We have over the years have built capability to produce most of our products with the aid of our manufacturing facilities and being capable of performing in-house manufacturing operations. This gives the company an edge in terms of faster deliveries, better quality and reduced costs of operations.

2. Experienced Management team

We have an experienced and qualified management team led by our Promoter and Managing Director, Laxmikant Sadashiv Kole with overall work experience of around 30 years, our Promoter and Whole Time Director, Shrinivas Laxmikant Kole with overall work experience of around 4 years and our Promoter and Director Madhuri Laxmikant Kole with overall work experience of around 20 years. Thus our management possesses business intellect in activities such as forging, engineering and manufacturing of valve components and we are well placed to capitalize their knowledge and experience which has been instrumental in the growth of our Company. Their advisory services and inputs are a value addition to our performance, compliance and overall operations. We believe that our management team's experience and their understanding of the industry will enable us to continue to take advantage of both current and future market opportunities. We believe our growth strategy in combination with management's demonstrated ability to consistently meet the customers' high expectations for quality and reliability, serves as a foundation for future revenue growth and stable operating

profit. For further details on education, experience and other details of our Management and Key Managerial Personnel, kindly refer to the Chapter titled “Our Management” beginning on page 110 of this Draft Red Herring Prospectus.

3. *Diversified range of products.*

We have a diversified product portfolio of industrial valves components catering to different industries in sizes ranging from ½ inch to 60 inches. We manufacture and supply various types of ball valve components, butterfly valve components and other valve components including forging products and have a significant customer base in the valve manufacturing industry developed over the years. The industry sectors we serve includes companies in the oil and gas sector, power generation sector, Petro-chemical industry, construction equipment manufacturing industry along with pharmaceuticals, food and beverage industry. We deal in a wide range of products, which enables us to cater to a widespread customer base across India and also expand our reach in international locations like Dubai, Germany, Singapore, Taiwan, Italy, South Africa, USA, United Kingdom, Qatar & Pennsylvania. Further, we believe that we have necessary resources, experience, and network that can be customized and leveraged to cater to wider range of valve components as per requirements of the customers. Our promoter have an operating history of more than three decades, we are primarily known for our wide range of quality products at a competitive price. For any company, innovation and technical progress are key factors for its success in the long term. Our Company constantly encourages its people to develop new products for catering to demands of our customers. We are in constant touch with our clients in order to assess their requirements for increasing their process efficiency. This has helped our Company to become a solution provider and not just a manufacturing concern.

4. *Long Standing Relationship with key Customers & Suppliers*

Our Company enjoys long standing relationship with key Customers & Suppliers. These long standing relationships are result of our commitment to quality, timely delivery, promptness in payments and adaptability etc. We benefit immensely from this. Our business and growth are significantly depending on our ability to maintain the client relationship. We believe that having many years of experience in the industry and being able to identify these players would give us a competitive advantage in the business segment. These long standing relationship with customers and suppliers have helped in establishing our reputation as a trusted business player in manufacturing industry. As on March 2023, our top 5 customers were 43.02% of total revenue from operations and top 5 suppliers were 49.97% of total purchases. We have long-standing relationships with our customers for whom we have executed repeat orders over an extended period of time, which we believe have been established and are strengthened by the dedicated infrastructure and our ability to meet Clients’ requirements for customized products.

5. *Quality Assurance and Standards*

We believe that quality is a pre-requisite for a positive consumer experience and long-term brand loyalty. This focus towards quality delivery has formed the foundation of the expansion and diversification of our product portfolio since our inception. We have obtained ISO 9001:2015 certification for Quality management System for both our manufacturing facilities. Our promoter have been in the business of manufacturing and supply of valve components since three decades and have successfully ventured and supplied quality products to our customers. Further, apart from the quality of the products, the components must comply with the detailed specifications provided by the customers. Our components are manufactured under controlled conditions, suitable working environment & with strict adherence to the customer requirements. The manufacturing facilities are equipped with monitoring & measurement resources for testing and maintaining quality of the components. Our focus on quality is maintained at all stages right from the sourcing of raw materials, manufacturing and dispatch stage, which is subject to a rigorous review and monitoring process undertaken at our manufacturing facilities. We believe that our certifications and industrial expertise favorably position us in servicing our client requirements across diverse product segments.

Our Business Strategies:

1. *Continue to invest in our manufacturing capabilities*

We are committed for taking steps towards expansion of our manufacturing facility for achieving better operational efficiency. In order to expand our business and achieve operational efficiency, we have built the factory shed at Plot No. PAP-B-130, Bhamboli, Chakan-410501 and propose to start the forging and heat treatment working at this proposed manufacturing unit. We have expanded around Rs. 296.56 Lakhs until June 30, 2023 for the said capacity expansion at the abovementioned plant location. With installation of aforementioned plants, we may be able to start the forging and heat treatment at this location which will provide us operational efficiency and expand our business. Thus, going forward, we intend to continue making investments in capacity expansions and modernization of our equipment and facilities. We also seek to expand our capabilities in a cost efficient manner, by actively pursuing new venture, opportunities, acquisitions and strategic alliances with entities that are complementary to our business. We will continue to pursue such opportunities where we believe they will add value to our business, our stakeholders and our customers.

2. Expanding customer base and deepen key customer relationships

Over the years we have developed long standing relationships with our customers. We devote significant attention to being able to understand the detailed specifications & engineering requirements of our customers through consultation with them. We believe that this gives us a distinct perspective that we bring to our engagements. We are focused on continuing to expand our relationships with existing customers by helping them solve new issues by supplying the right dimension of valve components. We aim to sustain the annual revenue contribution of a customer in subsequent years after the new customers' association with us. Expansion of our relationships with existing active customers will remain a key strategy going forward as we continue to leverage our domain expertise and knowledge of emerging technology trends in order to drive incremental growth for our business. We believe that we continue to have opportunities to add new customers to our portfolio. Further, we intend to cater to the increasing demand of our existing customers and also to increase our existing customer base by enhancing our geographical reach. Presently, we are concentrated in the state of Maharashtra, Goa, Gujarat, Tamil Nadu and Karnataka. Enhancing our presence in additional regions will enable us to reach out to a larger market and have direct access to the clients which will allow us to have better understanding of their requirement. Further, our Company believes in maintaining long term relationships with our customers. We aim to achieve this by quality services, timely delivery and competitive pricing.

3. Focus on consistently meeting customer specifications' & quality standards

Our Company intends to focus on adhering to the customers' specifications and quality standards of the components. Component design, specification and quality of the product are very important for the company from both customer point of view and regulatory point of view. Continuous review of products at different stages to identify and deviations from the specifications' and timely corrective measures in case of quality diversion are keys for maintaining quality standards of the products. Providing the desired customer specifications' and good quality products help us in enhancing customer trust and maintaining long term relationships with customers. Also, continuously meeting the customer specifications' and quality standards is essential to obtain repeat orders.

4. Deepen and expand our geographical presence.

We intend to cater to the increasing demand of our existing customers and also to increase our existing customer base by enhancing the reach of our products in different parts of the country. Our Company operates from Pune, Maharashtra in India. We propose to enter into new geographies and increase our marketing and sales team which can focus on different regions and also maintain and establish relationship with customers. We aim to achieve this by adding value to our customers through quality assurance, timely delivery and reliability.

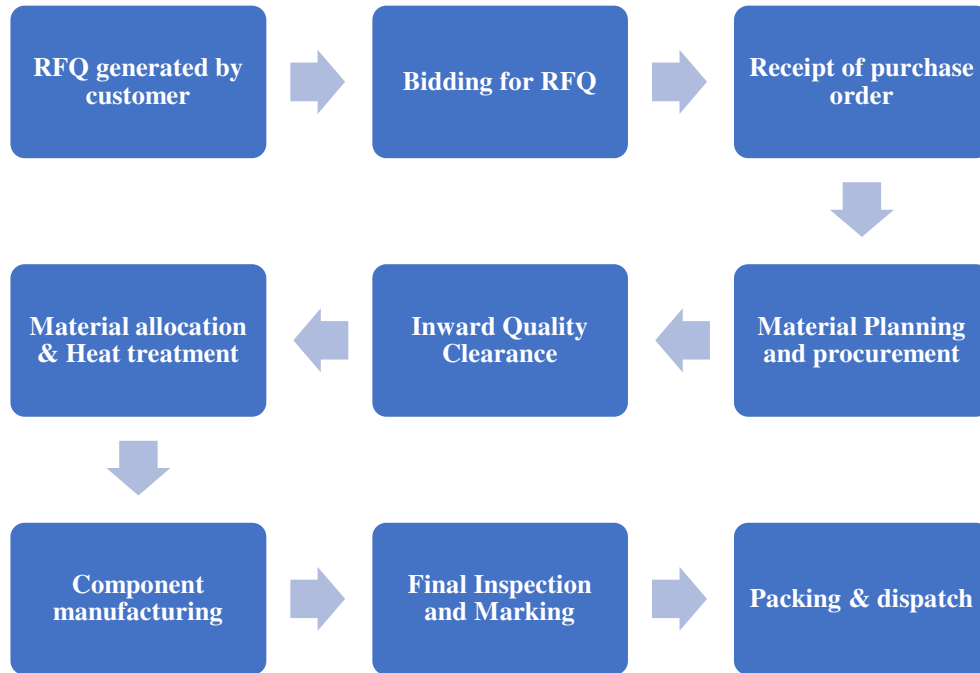

5. Focus on increasing operational efficiencies to improve returns

Offering quality products at attractive prices is a key aspect of maintaining and expanding our relationships with our customers. In order to achieve the same, we intend to use a variety of manufacturing strategies, material sourcing strategies and cost reduction strategies to

continue to improve our operational efficiencies. For achieving the same, we have adopted several initiatives designed to improve our cost efficiency such as bulk purchase of raw material, sourcing the material from nearby sources to save on transportation, increasing the research activities and improving technologies for making the components meet the customer requirements and desired quality. We continue to invest in operational excellence throughout the organization without any compromise on the quality.

Manufacturing Process:

Our manufacturing process can be summarized as under :-

1. **RFQ generated by customer** – We are engaged in the manufacturing of valve components and precision machined components, which are customized according to the customer needs. The process starts with the ‘Request for Quotation’ opened by the customer. Once the RFQ is released, we check the specifications provided by the customers’. Post which the regular components are quoted immediately whereas the newer components are checked for feasibility and quoted based on the feasibility analysis.
2. **Bidding for RFQ** – Once we are done with internal assessment of our current stock and production plan, we make the bidding to the customers with details of the material to be used, pricing and other important details as required by the customer. This process sometimes requires discussion with the customer to get a better understanding of the customer specifications and requirements.
3. **Receipt of Purchase order** – Once we quote the details to the customers, the details are checked and verified by the customers. The purchase order is generated based on many criteria’s like products specification, cost, delivery schedule etc.
4. **Material Planning & procurement** – Upon generation of a work order, our team study the specifications of the work order. This team undertakes the responsibility for establishing the process to be adopted to manufacture the product, materials to be used, testing, etc. During this step, we evaluate the suitability and availability of materials agreed to be used, and design the product, in the event of it being a new product as compared to one previously manufactured by us. Based on the above inputs, the raw material requirements for each order are estimated and procurement schedule is prepared for timely and cost effective purchases. While we ordinarily conduct procurements on the basis of prevailing market prices, we have in certain cases bought materials in advance to minimize the impact of market fluctuations on price.
5. **Inward Quality Clearance** - On receipt of material at our premises, we conduct quality checks to ensure that the material meets the requirements specified by us at the time of placing the order with them. This ensures that adequate checks and balances are identified and set in place to manufacture the product in accordance with the customer requirements.
6. **Material Cutting & Heat treatment** - After needed tests, heat treatment cycles and cutting the material (Bar Route)/Forging/Casting is done, then the manufactured material is issued to production along with the Drawing of the Component

and Route Card. The Route Card here acts as the main document for the material movement and to manage traceability of the component.

7. **Valve Component manufacturing** – The manufacturing processes for each component differs as per the size of component, type of component and material of component. The same is defined by Bill of Material in consultation with the Production. The Batch Card Number is instrumental in finding the status of component and defining delivery dates and other decision for effective manufacturing. The component travels process by process according to the Production Batch Card and then it is handed over to Dispatch Section for Final Inspection, checking and dispatching to respective customers. Upon completion of the machining and where needed, we treat the machined components either by way of buffing, phosphating or plating.
8. **Final inspection and Marking** - After the production is completed, We conduct a visual inspection to ensure correct tagging, name plate fitting, end protection and general aesthetics. Often, customers require an additional inspection to be conducted either by themselves or appoint a third party to inspect the products. Post the inspection the component is marked for identification and sent to packing of the components.
9. **Packing and dispatch** - Once our products are ready, they are packed to avoid any damages to the seats & ends, our dispatch department prepares a packing list and invoice which is dispatched with the products to our customers.

Installed Capacity & Capacity Utilization:-

We manufacture and supply various types of ball valve components, butterfly valve components and other valve components including forging products which are ready to assemble into valves used in pumps & valves. Below are the brief details of our installed manufacturing capacity and utilization for last 3 financial years :-

A) Machining Plant Capacity: -

Particulars	2020-21**	2021-22	2022-23
Installed Capacity (In Nos)	2,81,621	3,07,550*	3,58,000*
Actual Production (In Nos)	87,121	1,82,571	2,28,471
Capacity Utilization (in %)	30.94%	59.36%	63.82%

**based on triple shift basis*

***During the year 2021, the production started in the company post the acquisition of the assets and liabilities from the proprietorship concern of our promoters.*

B) Forging & Heat Treatment Plant Capacity: -

Particulars	2020-21**	2021-22	2022-23
Installed Capacity (In Ton)	315	540***	1080*
Actual Production (In Ton)	176.94	395.99	658.39

Capacity Utilization (in %)	56.17%	73.33%	60.96%
-----------------------------	--------	--------	--------

**based on triple shift basis*

***During the year 2021, the production started in the company post the acquisition of the assets and liabilities from the proprietorship concern of our promoters.*

**** In FY 2021-22 considered capacity for one shift only. (working hours – 12 hrs. per day)*

We are using forging and heat treatment capacity for inhouse production also, some forged or heat treatment material are being used as input for the machining plant.

Collaborations/Tie Ups/ Joint Ventures:

As on date of the Draft Red Herring Prospectus, our Company does not have any Collaborations/Tie-ups/Joint Ventures.

Export Obligation:

Our Company does not have any export obligation, as on date of this Draft Red Herring Prospectus.

SALES AND MARKETING:-

The efficiency of the marketing and sales team is critical to the success of our Company. Our success lies in the strength of our relationship with our customers who have been associated with us for a long time. Our end consumers being industries or business houses, we require to visit them on regular basis. Our promoters and Directors, through their vast experience and good rapport with clients are active in business development activities. Timely and delivery of quality products plays an instrumental role in creating and expanding a work platform for our Company. To retain our customers, our team regularly interacts with them and focuses on gaining an insight into the additional needs of such customers. Further the company is into B2B segment products are sold through to the industries engaged in the manufacturing of valve for different use.

In future we intend to focus on following marketing strategies:

- a) Focus on existing markets and increasing our customer base.
- b) Continuously holding markets Trends.
- c) Supply of Quality Products.
- d) Fulfillment of Order Quantity

COMPETITION:-

We operate in a competitive environment. The valve component sector sees a variety of competitors ranging from small players with specific experience to large, well established entities. Many of our competitors have substantially large capital base and resources than we do and offer broader range products. Currently, the valve component industry remains fragmented. The demands position in the industry is further enhanced by purchasers imposing certain requirements wherein manufacturers are required to be pre-approved before being able to obtain an enquiry. These requirements essentially ensure that only manufacturers who have significant experience and technical expertise will be entitled to obtain enquiries. Our strategy is to focus on achieving cost leadership by improving the operational efficiency through R&D as well as cost rationalization initiatives. Our efforts are also focused on developing quality products with strict adherence to the customer requirements, which we believe will help us in improving our profit margins and market share. There are no listed companies in the peer group which are strictly comparable to us with respect to the industry in which we operate and size of our Company, which can be taken as competitors.

Infrastructure & Utilities:

- a) **Raw Materials** – The principal components/raw materials required in the manufacturing process carbon steel, stainless steel, nickel alloy steel, alloy steel, duplex, super duplex steel, brass & aluminum in different shapes, sizes and grades (like bars, rods, solid balls & billets) which are dependent on the specifications provided by the customers. All the above mentioned parts/raw materials are procured from domestic market. The procurement team is entrusted with the assessment of raw materials requirements and based on the requirement, our Company calls for the quotations from several suppliers of raw materials. Suppliers are selected through the process of negotiations & the lead- time required in supply of the material. We also undertake routine checks at the time of material receipt at our facility to ensure that the material being procured meets our stringent standards of quality.

- b) **Power** – The requirement of power for our operations, like power for running and operating the machinery/equipment is met through Maharashtra State Electricity Distribution Co. Ltd. for both our factory premises.
- c) **Water** – The manufacturing process does not have major water requirements. Our water requirement is for general purpose only. Water requirement is fulfilled through local government sources.

PLANT & MACHINERY:-

We have installed sufficient plant & machinery in our manufacturing units for manufacturing of different grades, size and quality of valve components. We have installed a forging plant at our manufacturing unit located at Bhosari which is equipped with a 1.5 Metric Tonne Closed Die Hammer & HT Furnaces (Electric PLC Controlled Pusher Type Continuous Furnace) which are capable of annealing, hardening & tempering and normalizing metal bars etc. Apart from this we have recently installed a machining plant located at Chakan, Pune having an area of approx. 3075 sq mtrs. Having 2 floored machine shop for manufacturing valve components. The Plant at Chakan, Pune is equipped with Overhead Cranes, Lifts, Centralized Air & Coolant Line, Hydrotest Rig, CNC Machines, VMC Machines, SPM Ball Machines, HMC Machines, Ball Grinding Machines, CNC VTL Machines & VTL Machine which have enabled us to provide machining solutions in varied sectors and manufacturing valve components of different specifications provided by the customers.

QUALITY MEASURES

Adherence to the quality of the valve components and strict adherence to the customer's specification is a key requirement for our success. We have stringent quality control process for procuring the raw material as well as sale of products to our customers. Repeated orders from customers and increased sales over the years is a testimonial for our capability to deliver and supply our products to a wide range of customers with desired quality and specifications. We have obtained ISO 9001:2015 for Quality Management System issued by DNV – Business Assurance. Further, our manufacturing system have been certified for establishment and application of the Quality management system for manufacturer of materials according to directives 2014/68/EU by PED & the products manufactured by closed die forging have been certified to comply with the requirements specified by NORSOK.

EMPLOYEES:

We believe that our employees are key contributors to our business success. Our senior management team consists of experienced individuals with diverse skills in manufacturing, engineering, and finance. Our manpower is a prudent mix of the experienced and youth which gives us the dual advantage of stability and growth.

As on June 30, 2023, we have 168 employees (including Registered Office Staff and Factory premises) on payroll and our Company also hires contract labour in our factories as per requirement of the work.

Insurance:

Our business is subject to loss due to theft or occurrence of any unforeseen event such as fire, earthquake, other natural calamities, terrorism and force majeure during storage, production or dispatch of goods to customers. These acts can cause our products subject to severe damage, loss of inventory or complete destruction of our property. We maintain insurances for the same which include fire insurance for finished stock, building, components & plant and machinery maintained at factory, workman compensation insurance policy and Burglary insurance for goods. We believe that our insurance coverage is adequate for our business needs and operations, however, our insurance policies may not be sufficient to cover our economic loss.

MIDC shall execute the Lease Deed with Company upon fulfilment of conditions specified by MIDC

Apart from stated above, the Company has paid a sum of Rs. 57,72,000/- to MIDC towards part of premium for allotment of a plot in Chakan Industrial Area Phase II on June 20, 2023. The Company is yet to execute the Lease Deed in its favour.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive, and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable. For details of such approvals, please see the section titled “Government and other Approvals” on page 188 of this Draft Red Herring Prospectus -

This chapter has been classified as under:

1. Core Business Laws
2. Corporate and Commercial laws
3. Labour and Employment Laws
4. Environmental laws
5. Tax Laws
6. Foreign Exchange Regulations
7. Intellectual Property Laws

A. CORE BUSINESS LAWS

Steel and Steel Products (Quality Control) Order, 2020 (“Quality Control Order”)

The Quality Control Order was notified by Ministry of Steel and published in Official Gazette of India on May 27, 2020 in supersession of the earlier issued Steel and Steel Products (Quality Control) Order, 2018 and its amendments thereto. The Quality Control Order provides that every steel and steel products shall bear a standard mark under the license given by Bureau of Indian Standards (the “BIS”). Also the BIS shall be the certifying and enforcing authority in respect of steel and steel products. Further, the Quality Control Order provides schedule of Indian Standards to be followed with respect of various steel and steel products.

The Bureau of Indian Standards Act, 2016

The Act has enabling provisions for the Government to bring under compulsory certification regime any goods or article of any scheduled industry, process, system or service which it considers necessary in the public interest or for the protection of human, animal or plant health, safety of the environment, or prevention of unfair trade practices, or national security. Enabling provisions have also been made for making hallmarking of the precious metal articles mandatory.

B. CORPORATE AND COMMERCIAL LAWS

Companies Act, 2013

Companies Act primarily regulates the formation, financing, functioning and restructuring of separate legal entity as companies. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law lays down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

Competition Act, 2002

The Competition Act, 2002 came into effect on June 1, 2011 and has been enacted to “prohibit anti- competitive agreements, abuse of dominant positions by enterprises” and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The Act prohibits Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is likely to have an appreciable adverse effect on competition in India.

Indian Contract Act, 1872

Indian Contract Act codifies the way we enter into a contract, execute a contract, implementation of provisions of a contract and effects of breach of a contract. An industrial undertaking, which is exempt from licensing, is required to file an Industrial Entrepreneurs Memorandum (“IEM”) with the Secretariat for Industrial Assistance, Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India, and no further approvals are required.

Factories Act, 1948 (“Factories Act”)

The Factories Act, 1948 defines a “factory” to cover any premises which employs 10 or more workers and in which manufacturing process is carried on with the aid of power and any premises where there are at least 20 workers, where a manufacturing process is being

carried on without the aid of power. State Governments have the authority to formulate rules in respect of matters such as prior submission of plans and their approval for the establishment of factories and registration and licensing of factories. The Factories Act provides that the person who has ultimate control over the affairs of the factory and in the case of a company, any one of the directors, must ensure the health, safety and welfare of all workers. It provides such safeguards of workers in the factories as well as offers protection to the exploited workers and improves their working conditions. The penalties for contravention of the Factories Act include fine and imprisonment for the 'occupier' or 'manager' as defined under the Factories Act, and enhanced penalties for repeat offences and contravention of certain provisions relating to use of the hazardous materials.

Maharashtra Factories Rules, 1963.

The Factories Act is a social legislation that has been enacted for occupational safety, health, and welfare of workers at work place. The State of Maharashtra has formulated its rules as envisaged under the Act and they are known as The Maharashtra Factories Rules, 1963. The Maharashtra Labour and Employment Department issued the Maharashtra Factories (Amendment) Rules, 2021 to further amend the Maharashtra Factories Rules, 1963.

Maharashtra Labour Welfare Fund Act, 1963

The Maharashtra Labour Welfare Fund Act, 1963 came into effect on June 17, 1963 and it was adopted and modified by the Bombay Labour Welfare Board (Reconstitution) Order, 1969. This was an Act to provide for the constitution of a fund for the financing of activities to promote welfare of labour in the State of Maharashtra. The Maharashtra Labour Welfare Fund is constituted for the purpose of providing financial and social security to the labourers working in the establishments. The fund is utilized absolutely for the welfare purposes of the labourers such as uplifting their standards of living to meet the basic standards, improving their working conditions etc. In the case of failure the notice will be issued to employer to pay amount on time by welfare Commissioner. If the employer subsequently fails to make the required amount then for 1st 3 months interest at 1.5% of the said unpaid amount and after that interest at 2% of the unpaid amount.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“SHWW Act”)

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 provides for the protection of women at work place and prevention of sexual harassment at work place. The Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviour namely, physical contact and advances or a demand or request for sexual favours or making sexually coloured remarks, showing pornography or any other unwelcome physical,

verbal or non-verbal conduct of sexual nature. The Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e. a written complaint is to be made within a period of 3 (three) months from the date of the last incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs. 50,000/- (Rupees Fifty Thousand Only).

The Employees Provident Fund and Miscellaneous Provisions Act, 1952 (“EPF Act”) and the schemes formulated there under (“schemes”)

The Employees Provident Funds and Miscellaneous Provisions Act, 1952 ("EPF Act") was introduced with the object to institute compulsory provident fund for the benefit of employees in factories and other establishments. The EPF Act provides for the institution of provident funds and pension funds for employees in establishments where more than 20 (twenty) persons are employed and factories specified in Schedule I of the EPF Act. Under the EPF Act, the Central Government has framed the "Employees Provident Fund Scheme", "Employees Deposit-linked Insurance Scheme" and the "Employees Family Pension Scheme". Liability is imposed on the employer and the employee to contribute to the funds mentioned above, in the manner specified in the statute. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Employees State Insurance Act, 1948

All the establishments to which the Employees State Insurance (ESI) Act applies are required to be registered under the Act with the Employees State Insurance Corporation. The Act applies to those establishments where 20 or more persons are employed. The Act requires all the employees of the factories and establishments to which the Act applies to be insured in the manner provided under the Act. Further, employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the ESI department. The Employees' State Insurance Rules, 1950 ensure implementation of the provisions of the Employees' State Insurance Act, 1948.

The other labour laws applicable to the Company are:

- Minimum Wages Act, 1948
- Payment Of Wages Act, 1936
- Employees’ Compensation Act, 1923
- Payment Of Gratuity Act, 1972
- Payment Of Bonus Act, 1965
- Industrial Disputes Act, 1947
- The Maternity Benefit Act, 1961
- The Equal Remuneration Act, 1976 And Equal Remuneration Rules, 1976
- The Child and Adolescent Labour (Prohibition And Regulation) Act, 1986
- Apprentices Act, 1961

The Government of India has consolidated 29 central Labour laws into four Codes namely Code of Wages 2019, The Code on Social Security, 2020, The Industrial Relations Code, 2020 and Occupational Safety, Health and Working Conditions Code, 2020. All these codes have received the assent of President of India but none of them has been made effective till date. Brief descriptions of each of the codes are given below:

Code of Wages, 2019

The Code aims to consolidate the laws relating to wages and bonus and matters connected therewith or incidental thereto. It received the assent of President of India on August 08, 2019. The Code contains procedure for fixing minimum wage, limit for fines and deductions in wages, minimum and maximum bonus, calculation of allocable and available surplus, as well as gender neutral consideration in fixing wages. The Code has given the power to Central Government to fix a “floor wage” and the State governments cannot fix any minimum wage less than the “floor wage”. It amalgamates and subsumes four imperative labour laws - the Payment of Wages Act, 1936; the Minimum Wages Act, 1948; the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. The date of implementation of the Code is yet to be notified.

The Code on Social Security, 2020

This Code received the assent of President of India on September 28, 2020 though the implementation of the same is yet to be notified. The Code aims to provide better social security benefits such as provident fund, insurance and gratuity to workers. It extends the reach of the Employees' State Insurance Corporation and the Employees' Provident Fund Organization (which regulate benefits such as provident fund, insurance, pension, etc.) to the workers in the unorganized sector and the platform and gig workers. The Code further stipulates gratuity benefit for fixed term employees without any condition for minimum service period as envisaged under the current regime. The Code subsumes nine (9) labour laws relating to social security, namely, the Employees' Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Cine-Workers Welfare Fund Act, 1981, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganized Workers Social Security Act, 2008.

The Industrial Relations Code, 2020

This Code received the assent of President of India on September 28, 2020 though the implementation of the same is yet to be notified. The Code aims to streamline the laws regulating industrial disputes and trade unions in India. For the benefit of the employers, the Code has introduced various aspects such as increasing the threshold of workers to three hundred (300) for obtaining the consent of the concerned government in case of lay off, retrenchment or closure of the establishment, notice of change not required to be given subject to the conditions stipulated in the Code, increasing the wage threshold to INR 18,000 (Indian Rupees Eighteen Thousand) for exclusion from the definition of worker, etc. The Industrial Relations Code also introduces the concept of deemed certification of standing orders. The Code subsumes three labour laws relating to industrial relations, namely, the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946 and the Industrial Disputes Act, 1947.

Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code, 2020 (OSH Code) is one of three new labor codes that will consolidate the bulk of labor legislation in India and streamline labor compliance besides expanding the social security net for workers. This Code received the assent of President of India on September 28, 2020 though the implementation of the same is yet to be notified. Rules to implement the Code are expected to be finalized in the next few weeks.

New establishments covered by the OSH Code must register themselves (within 60 days of commencement of the Code) with registering officers appointed by the appropriate government. Establishments already registered under any other federal law will not be required to register again.

Every employer is directed to undertake the following obligations by the OSH Code:

- Ensure that the workplace is free from hazards can cause injury or occupational disease to the employees and comply with the OSH Code and the government's directions on the same;
- Provide free annual health examination or testing, free of cost, to certain classes of employees;
- Provide and maintain, as reasonably practical, a working environment that is safe and without risk to the health of the employees;
- Issue letters of appointments to employees; and
- Ensure that no charge is levied on any employee for maintenance of safety and health at workplace, including the conduct of medical examination and investigation for the purpose of detecting occupational diseases.

Further, the Code directs employers with respect to factories, mines, dock work, building and other construction work, or plantations to ensure: (i) safety arrangements in the workplace and absence of risk to health in connection with the use, storage, and transport of articles and substances; (ii) provision of such information, instruction, training, and supervision as are necessary to ensure the health and safety of all employees at work, etc. This Code shall subsume more than 10 labour laws including Factories Act 1948, Contract Labour Act 1970 and Mines Act 1952.

D. ENVIRONMENTAL LAWS

Environment Protection Act, 1986

The Environmental Protection Act, 1986 is an "umbrella" legislation designed to provide a framework for co-ordination of the activities of various central and state authorities established under various laws. The potential scope of the Act is broad, with "environment"

defined to include water, air and land and the interrelationships which exist among water, air and land, and human beings and other living creatures, plants, micro-organisms and property.

Environment (Protection) Rules, 1986 (“Environment Rules”)

The Environment Rules were notified by the Central Government, in exercise of its powers under the Environment Act. Pursuant to the Environment Rules, every person who carries on an industry, operation or process requiring consent under Water (Prevention and Control of Pollution) Act, 1974 or Air (Prevention and Control of Pollution) Act, 1981, shall submit to the concerned Pollution Control Board (“PCB”) an environmental statement for that financial year in the prescribed form.

The Noise Pollution (Regulation & Control) Rules 2000 (“Noise Regulation Rules”)

The Noise Regulation Rules regulate noise levels in industrial, commercial and residential zones. The Noise Regulation Rules also establish zones of silence of not less than 100 meters near schools, courts, hospitals, etc. The rules also assign regulatory authority for these standards to the local district courts. Penalty for non-compliance with the Noise Regulation Rules shall be under the provisions of the Environment (Protection) Act, 1986.

Water (Prevention and Control of Pollution) Act, 1974, as amended

The Water (Prevention and Control of Pollution) Act, 1974 prohibits the discharge of pollutants into water bodies beyond a given standard, and lays down penalties for non-compliance. The Water Act also provides that the consent of the State Pollution Control Board must be obtained prior to opening of any new outlets or is charges, which is likely to discharge sewage or effluent.

The Water (Prevention and Control of Pollution) Cess Act, 1977

Provides for the levy and collection of a cess on water consumed by persons carrying on certain industries and by local authorities, with a view to augment the resources of the Central Board and the State Boards for the prevention and control of water pollution constituted under the Water (Prevention and Control of Pollution) Act, 1974.

The Air (Prevention and Control of Pollution) Act, 1981

The Air (Prevention and Control of Pollution) Act, 1981 requires that any individual or institution responsible for emitting smoke or gases by way of use as fuel or chemical reactions must apply in a prescribed form and obtain consent from the state pollution control board prior to commencing any activity. National Ambient Air Quality Standards (NAAQS) for major pollutants were notified by the Central Pollution Control Board in April 1994.

Hazardous and other Wastes (Management and Trans boundary Movement) Rules, 2016 (“HW Rules”)

The HW Rules impose an obligation on every occupier of an establishment generating hazardous waste to recycle or reprocess or reuse such wastes through a registered recycler or to dispose of such hazardous wastes in an authorized disposal facility. Every person engaged, inter alia, in the generation, processing, treatment, package, storage and disposal of hazardous waste is required to obtain an authorization from the relevant state PCB for collecting, recycling, reprocessing, disposing, storing and treating the hazardous waste. The new HW Rules as compared to the Rules of 2008 have enlarged the scope of regulated wastes by including ‘other wastes’ in its ambit. Other wastes include: Waste tyre, paper waste, metal scrap, used electronic items, etc. and are recognized as a resource for recycling and reuse. These resources supplement the industrial processes and reduce the load on the virgin resource of the country.

E. TAX LAWS

Income Tax Act, 1961

The Income Tax Act, 1961 deals with the taxation of individuals, corporate, partnership firms and others. As per the provisions of this Act the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Act. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act. Filing of returns of Income is compulsory for all assesses. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act.

Maharashtra State Tax on Profession, Trades, Callings and Employment Act, 1975 (Maharashtra Act No. 16 of 1975)

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under this Act (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

Goods and Services Tax

The Central Goods and Services Tax Act, 2017 received assent of the President on 12th April 2017 and came into force from 1st July 2017. Goods and Service Tax (GST) is an indirect tax levied on the supply of goods and services. This law has replaced many indirect tax laws that previously existed in India such as Service tax, Central Excise Act, Entry Tax, Octroi, Additional customs duty and other draconian indirect taxes. There are 3 taxes applicable under this system- CGST, SGST, IGST.

CGST: is collected by the Central Government on an intra-state sale;

SGST: Collected by the State Government on an intra-state sale;

IGST: Collected by the Central Government for inter-state sale.

Therefore, in addition to the CGST Act, the company has to comply with the requirements of State GST laws as well in which it has operations.

Following laws which have been subsumed in GST Act were applicable to the Company till 30th June 2017 and shall remain applicable here after as stated in the GST Act.

Central Excise Act, 1944 and Excise Regulations

The Central Excise Act, 1944 sought to impose an excise duty on excisable goods which are produced or manufactured in India. Excise duty was levied on production of goods but the Liability of excise duty arose only on removal of goods from the place of storage, i.e., factory or warehouse.

Central Sales Tax Act, 1956

Central Sales Tax ("CST") was levied in accordance with the Central Sales Tax Act, 1956 on movable goods sold in the course of inter-state trade or commerce. CST was payable by a dealer (i.e. a person who carries on the business of buying, selling, supplying or distributing goods) on his sales turnover at the rate prescribed in the VAT statute of the State from where the movement of the goods originate.

State laws governing Entry Tax

Entry Tax provides for the levy and collection of tax on the entry of goods into the local areas of the state for consumption, use or sale therein and matters incidental thereto and connected therewith. It was levied at such rate as may be specified by the State Government and different rates may be specified for different goods.

Service Tax, (the 'Finance Act, 1994')

Service tax was charged on taxable services as defined in Chapter V of Finance Act, 1994, which required a service provider of taxable services to collect service tax from a service recipient and pay such tax to the Government.

There are other indirect taxes which are now subsumed under GST and these are Additional Duties of Excise, Cess, Purchase Tax, Taxes on advertisements.

The Maharashtra Goods and Services Act, 2017

The Maharashtra Goods and Services Act, 2017 contains provisions for the levy and collection of tax on intra-state supply of goods or services or both. It lays down eligibility and conditions for taking input tax credit, provisions relating to audit, inspection, search, seizure, arrest, demands and recovery and also prescribes penalties for offences under the Act.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer Exporter Code).

F. FOREIGN EXCHANGE REGULATIONS

The Foreign Trade (Development & Regulation) Act, 1992

The Foreign Trade (Development & Regulation) Act, 1992 [herein after FTA], provides for the development and regulation of foreign trade by facilitating imports into and augmenting exports from India and for matters connected therewith or incidental thereto. As per the provisions of the FTA, the Government: (i) may make provisions for facilitating and controlling foreign trade; (ii) may prohibit, restrict and regulate exports and imports, in all or specified cases as well as subject them to exemptions; (iii) is authorised to formulate and announce an export and import policy and also amend the same from time to time, by notification in the Official Gazette; (iv) is also authorised to appoint a 'Director General of Foreign Trade' for the purpose of the Act, including formulation and implementation of the Export-Import Policy. FTA read with the Indian Foreign Trade Policy inter-alia provides that no export or import can be made by a company without an Importer-Exporter Code number unless such company is specifically exempt. An application for an Importer-Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce.

Foreign Exchange Management Act, 1999 (“the FEMA”) and Rules and Regulations thereunder

Export of goods and services outside India is governed by the provisions of the Foreign Exchange Management Act, 1999 (“FEMA”), read with the applicable regulations. The Foreign Exchange Management (Export of goods and services) Regulations, 2000 have been superseded by the Foreign Exchange Management (Export of Goods and Services) Regulations, 2015 ("Export of Goods and Services Regulations 2015") issued by the RBI on January 12, 2016 [last amended on June 23, 2017]. The RBI has also issued a Master Circular on Export of Goods and Services. The export is governed by these Regulations which make provisions such as declaration of exports, procedure of exports as well as exemptions.

G. INTELLECTUAL PROPERTY LAWS

The Trademarks Act, 1999 (“Trademarks Act”)

Under the Trademarks Act, a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trade mark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewal fee.

SUMMARY STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES & NOTES TO RESTATED FINANCIAL STATEMENTS

COMPANY OVERVIEW

Shri Balaji Valve Components Limited ("the company") was incorporated as a private limited Company on 17th November, 2011 under the provisions of The Companies Act 2013. Thereafter the company was converted from private limited to public limited vide fresh certificate of incorporation dated 10th July, 2023 issued by Registrar of Companies, Pune, Maharashtra. The companies registered office is situated at Plot No.PAP-B-31, Phase 2 Khed, Chakan MIDC, Bhamboli, Pune – 410501, Maharashtra. The company manufactures the precision machined components along with Valve components and trim parts. The major components are Ball Valves, Butterfly Valves, Control Valves & Plug Valves.

I. SIGNIFICANT ACCOUNTING POLICIES

A) BASIS OF PREPARATION OF FINANCIAL STATEMENT

The Restated Financial Statements (Annexure I) comprises of financial statements of Shri Balaji Valve Components Limited as at June 30, 2023, March 31, 2023, March 31, 2022 and March 31, 2021 and the Restated Statement of Profit and Loss (Annexure II) and Restated Statements of Cash Flows (Annexure III) for the same period mentioned above and the annexure thereto (collectively, the "Restated Financial Statements") have been extracted by the management from the audited Financial Statements of the Company for the period June 30, 2023 and for the years ended on March 31, 2023, March 31, 2022 and March 31, 2021 approved by the respective Board of Directors of the companies.

These financial statements are prepared on a Going Concern Basis and in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act. The accounting policies adopted in the preparation of financial statements have been consistently applied. All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations and time difference between the provision of services and realization of cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

These financial statements are now restated as per requirements of Companies Act, 2013, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("the SEBI ICDR Regulations") and Guidance note on reports in Company Prospectus (Revised 2019) ("Guidance Note") issued by the Institute of chartered Accountants of India ("ICAI").

B) Basis of Measurement

The Restated Financial Statements have been prepared on accrual basis and under historical cost convention, except for certain financial assets and liabilities which are measured at fair value.

The Restated financial statements have been prepared on a going concern basis. The accounting policies are applied consistently to all the period presented in the Restated financial statements except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires change in accounting policy hitherto in use.

The Functional and presentation currency of the company is Indian Rupees ("INR") which is the currency of the primary economic environment in which the Company operates.

Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "(Zero)" in the relevant notes to Restated financial statements.

C) Use of Estimates

The preparation of Restated Financial statements in conformity with Indian GAAP requires the management to make judgements, estimates and assumptions that affect the reported amount of assets and liabilities as at the Balance sheet date, reported amount of revenue and expenditure for the year /period and disclosures of contingent liabilities as at the Balance sheet date. The judgements, estimates and assumptions used in the accompanying Restated Financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the Restated Financial statements. Actual results could differ from these judgements,

estimates and assumptions. Estimates and underlying assumptions are reviewed on a year basis. Revisions to accounting estimates, if any, are recognized in the year /period in which the estimates are revised and in any future years affected.

Summary of Significant Accounting Policies

A. Revenue recognition

i. Sale of goods

Revenue from sale of goods is recognized when the significant risks and rewards of ownership of the goods have been sold and is transferred to our customer and when there are no longer any unfulfilled obligations. The performance obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on the customer terms.

Revenue is disclosed at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and rebates. Revenue is recognized to the extent that it is highly probable that significant reversal will not occur.

ii. Income from services

Revenue from services is recognized when services have been rendered and there should be no uncertainty regarding consideration and its ultimate collection.

iii. Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

B. Property, plant and equipment's

The cost of a self-constructed item of property, plant and equipment are stated as per Cost Model i.e., at cost less depreciation and impairment, if any. Cost directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management.

Subsequent expenditure relating to property, plant and equipment are capitalized or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to statement of profit and loss during the reporting year/period in which they are incurred.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of property, plant and equipment's and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized.

Additions of Property, Plant and equipment during the FY 2020-21 and FY 2021-22 includes used Assets acquired from Balaji Enterprises and Shrinivas Engineering.

C. Depreciation

All fixed asset, except capital work in progress, are depreciated on a written down value method. Depreciation is provided based on useful life of the asset as prescribed in schedule II to the companies Act, 2013. Depreciation on additions /deletion from fixed assets made during the period is provided on pro- rata basis to extent of depreciable amount on Written Down Value (WDV) method from/up to the date of such addition / deletion as the case may be.

D) Intangible Assets

Intangible assets are non-physical Assets such as patent, license agreement, copyright, software. Intangible Assets must be amortized over their useful life, if possible, sum assets, such as Brand Name have indefinite life and cannot be capitalize or amortized, other intangible assets such as license agreement have useful life determined in the license agreement, item with a defined useful life must be amortized. Intangible assets purchased are measured at cost or fair value as on the date of acquisition less accumulated amortization and accumulated impairment, if any.

Amortization is provided on a WDV basis over estimated useful lives of the intangible assets. The amortization period for intangible assets with finite useful lives is reviewed at least at each year-end. Changes in expected useful lives are treated as changes in accounting estimate.

E) Impairment

The Management periodically assesses, using external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

F. Inventories

Raw material, Work in Progress, Consumables and finished goods

Raw materials, Consumables, Stores & Spare Parts and packing materials are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the enterprise from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, weighted average method is used.

Manufactured finished goods are valued at the lower of cost and net realizable value. Cost of manufactured finished goods comprises direct material, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

G. Borrowing Costs

Borrowing cost that are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial year of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. Costs incurred in raising funds are amortized equally over the period for which the funds are acquired. All other borrowing costs are expensed in the year they occur.

H. Employee Benefits

Short term employee benefits are recognized as an expense at the undiscounted amount in the profit and loss account of the year in which the related service is rendered.

The Company's contribution to Provident Fund and Employees State Insurance Scheme is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis.

In the restated financial statements, The Company has made provision for payment of Gratuity to its employees, based on the actuarial valuation report obtained from actuarial valuer.

Post-employment and other long term employee benefits are recognized as an expense in the profit & loss account for the year in which the liabilities are crystallized.

I. Foreign Exchange Transactions

Foreign-currency denominated monetary assets and liabilities if any are translated at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from the transactions relating to purchase of current assets like Raw Material etc. are included in the Statement of Profit and Loss. Revenue, expense and cash-flow items denominated in foreign currencies are translated using the exchange rate in effect on the date of the transaction.

J. Cash Flow Statement

Cash flows are reported using Accounting Standard -3 Cash Flow Statement- indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

K. Taxes on Income

The accounting treatment for the Income Tax in respect of the Company's income is based on the Accounting Standard on 'Accounting for Taxes on Income' (AS-22). The provision made for Income Tax in Accounts comprises both. Income tax expenses for the year comprises of current tax and deferred tax. Current tax provision is determined on the basis of taxable income computed as per the provision of the income tax Act 1961.

Deferred tax is recognized for all timing differences, between the taxable income and accounting income that are capable of reversal in one or more subsequent periods subject to conditions of prudence and by applying tax rates that have been substantively enacted by the balance sheet. The carrying amount of deferred tax asset/liability is reviewed at each Balance Sheet date and consequential adjustments are carried out

L. Provision, Contingent Liabilities and Contingent assets

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the likely future outflow of economic benefits required to settle the obligation at the reporting date.

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

M. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and term deposits with highly liquid investments.

N. Related Party Transactions

Related parties as defined under Accounting Standard - 18 'Related Party Disclosures' have been identified based on representations made by management and information available with the Company. All transactions with related parties are in the ordinary course of business and on arms' length basis.

O. Corporate Social Responsibility (CSR)

As per Section 135 of the Companies act, 2013, a company, meeting the applicability threshold, need to spend at least 2% of its average net profit for the immediately preceding three financial years on CSR activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, health care, destitute care and rehabilitation, environment sustainability, disaster relief and rural development projects. The funds were primarily allocated to a project and utilized through the year on these activities which are specified in schedule VII of the Companies Act, 2013.

Note – CSR is applicable to the company from FY 2023-24 only.

P. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period. The weighted average number of equity shares outstanding during the period and all periods presented is

adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

Q. Leases

The company has taken machinery and factory on lease and classified as an Operating lease and lease rentals are recognized in profit of loss account as per lease terms.

R. Segment Reporting

The Company is having revenue from its customer which are located outside India; of more than 10% of its total revenue.

Accordingly, as per As-17 Segment Reporting the company has identified geographic segment as its reportable segment.

The company has maintained records for cost of material consumed, employee cost and other expenses incurred for manufacturing of goods in ERP system for all the products. However, the company manufactures the same products which are sold in Indian market and Outside India at similar cost of product manufacturing. Accordingly, the expenses incurred on export segment is not identifiable

Similarly, Assets of outside India is identifiable to the extent of Continent wise Outstanding Trade Receivable only.

However, revenue generated from the product wise on the basis of sale price of domestic sale and export sale.

Accordingly, we have disclosed geographic Segment Revenue and Segment Assets in table below for Domestic (India) and Export (Outside India): -

Note:

"1) The ratios have been computed as below:

(a) Basic earnings per share (Rs.) -: Net profit after tax as restated for calculating basic EPS / Weighted average number of equity shares outstanding at the end of the year

(b) Diluted earnings per share (Rs.) -: Net profit after tax as restated for calculating diluted EPS / Weighted average number of equity shares outstanding at the end of the year for diluted EPS

(c) Return on net worth (%) -: Net profit after tax (as restated) / Net worth at the end of the year

(d) Net assets value per share -: Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the year

2) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the year adjusted by the number of equity shares issued during the year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.

3) Net worth for ratios mentioned in note 1(c) and 1(d) is = Equity share capital + Reserves and surplus (including, Securities Premium, General Reserve and surplus in statement of profit and loss).

4) The figures disclosed above are based on the restated summary statements of the Company.

5) EBITDA has been calculated as Profit before tax + Depreciation + Interest Expenses - Other Income"

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

You should read the following discussion in conjunction with our restated financial statements attached in the chapter titled “**Financial Information of the Company**” beginning on page 129. You should also read the section titled “**Risk Factors**” on page 23 and the section titled “**Forward Looking Statements**” on page 17 of this Draft Red Herring Prospectus, which discusses a number of factors and contingencies that could affect our financial condition and results of operations. The following discussion relates to us, and, unless otherwise stated or the context requires otherwise, is based on our Restated financial Statements. Our financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditor dated June 14, 2023 which is included in this Draft Red Herring Prospectus under “Financial Statements”. The Restated Financial Information has been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. Our financial year ends on March 31 of each year, and all references to a particular financial year are to the twelve-month period ended March 31 of that year.

Business Overview

Our Company, an ISO 9001-2015 certified company, is engaged in the business of manufacturing of ready to assemble valve components catering to manufacturing of the valves which are used in different industries and in different size depending on the customer's specifications. We manufacture and supply various types of valve components which are used in manufacturing of ball valves, butterfly valves and other valve including forging products. Our valve components are used to manufacture valves which serve industries which are in different sectors. Further, our manufacturing system have been certified for establishment and application of the Quality management system for manufacturer of materials according to directives 2014/68/EU by PED & the products manufactured by closed die forging have been certified to comply with the requirements specified by NORSOK.

We are into machining of components and delivering 'Ready to assemble' valve components according to customers designs and specifications. Currently, our company is operating from its 2 manufacturing facilities located at Pune, Maharashtra. One of our manufacturing facilities is located at Bhosari, Pune which is equipped with the forging capabilities and heat treatment capabilities, the second manufacturing facility is located at Chakan MIDC, Bhamboli, Pune which undertakes the machining work. Most of our valves components are made as per the requirements specified by our customers'. We work in close connections with our clients, so that our valve components match with the customers' requirement and can handle the desired applications. Over the years, our valve components have proved suitable and safe for many operations requirements. We manufacture valve components using the forging method, bar routing method and casting methods. In case of any casting products, we generally get the casts manufactured from the customers nominated vendors or outsourcing. The use of methods depends upon the manufacturing plans, customer requirements, component manufactured, material complexity etc.

Our company was incorporated in 2011, prior to the incorporation our Promoter, Laxmikant Sadashiv Kole had commenced the business of manufacturing of machined and valves components through his proprietary concern M/s Balaji Enterprises, from where he started the initial production during the year 1992. With the knowledge of valve component industry, the vision and business intellect of our promoter, the proprietorship concern of our promoter expanded its operations during the first decade of its operation. Later during the year 2003, to co-op with the similar business and allied activities, M/s Shrinivas Engineering proprietary concern was established by Madhuri Laxmikant Kole, our promoter. Later, during the fiscal 2021, in order to achieve the synergy benefits from combining both the proprietary concerns the promoters decided to transfer all the assets and liabilities of both the proprietorship concern i.e. M/s Balaji Enterprises & M/s Shrinivas Engineering to our company.

Our manufacturing facility situated at Bhosari, Pune is equipped with forging plant of upto 1.5 metric tonne hammer, oil fired furnace, trimming press, heat treatment furnace etc. which can be used for functions like annealing, hardening, tempering and normalizing along with manufacturing forging components. During the year 2023, we established our second manufacturing unit at Chakan MIDC, Bhamboli, Pune which is a two floored shop facility, equipped with machines like air compressor, ball grinding machine, multi spindle drilling machine, bandsaw machine, tool grinding machine, lathe machine, VMC machine, CNC machine, surface polishing machine, HMC machine, radial drilling machine, bench grinder, fiber laser marking machine etc. The facilities are equipped with crane, centralised air and coolant line, material movement vehicles etc for material movement and ease in operations. The facilities also have fire system for safety of the infrastructure and our employees. To adhere to the quality of components we have an inhouse testing facility which is equipped with TRIMOS, relevant measurement instruments. Our manufacturing facilities are equipped with machines suitable for carrying out our manufacturing operations smoothly and efficiently.

Our Promoters, Laxmikant Sadashiv Kole, Madhuri Laxmikant Kole and Shrinivas Laxmikant Kole have experience of around 30 years, 20 years and 4 years respectively in the valve components industry. The experience of our Promoters has been instrumental in determining the vision and growth strategies for our Company. We further believe that our market position has been achieved by adherence to the vision of our Promoters and senior management team and their experience of the industry.

Our company is very quality conscious and make continuous efforts to maintain the desired level of quality starting from the raw material inward stage, manufacturing process and packaging and storage stage. We maintain a continuous check at different levels of output to ensure that the product is in conformity with quality standards and meet the customer’s specification. We also undertake discussion with the customers to understand the design specifications at the RFQ stage to the production stage, so that the valve components match with the customer’s requirements. We have obtained ISO 9001:2015 for Quality Management System issued by DNV - Business Assurance for manufacture and sale of forged and heat-treated components, machined components, and production tooling for engineering industry. Further, our manufacturing system have been certified for establishment and application of the Quality management system for manufacturer of materials according to directives 2014/68/EU by PED & the products manufactured by closed die forging have been certified to comply with the requirements specified by NORSOK.

During the last 3 years we have exported our valve components to different countries namely Dubai, Germany, Singapore, Taiwan, Italy, South Africa, USA, United Kingdom, Qatar & Pennsylvania. We believe that our growth has been due to our ability to understand customer needs and build a product of optimal design and required specifications. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 and any subsequent circulars issued by SEBI in this regard, SEBI has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019. With effect from July 1, 2019, with respect to Application by retail individual investors through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applicants with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, the final reduced timeline will be made effective using the UPI Mechanism for applications by retail individual investors (“UPI Phase III”), as may be prescribed by SEBI.

Further vide the said circular Registrar to the Issue and Depository Participants have been also authorized to collect the Bid-cum-Application forms. Investor may visit the official website of the concerned for any information on operational utilization of this facility of form collection by the Registrar to the Issue and Depository Participants as and when the same is made available.

Minimum Application Value, Market Lot and Trading Lot

As per regulations made under and Section 29(1) of the Companies Act, 2013 the Equity Shares to be allotted must be in Dematerialized form i.e., not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode. Hence, the Equity Shares being issued can be applied for in the dematerialized form only. In this context, two agreements shall be signed among our Company, the respective Depositories and Registrar to the Issue.

Tripartite Agreement dated [●] between NSDL, our Company and Registrar to the Issue; and
Tripartite Agreement dated October 23, 2023 between CDSL, our Company and Registrar to the Issue;

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the SME Platform of BSE (BSE SME) from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this issue will be done in multiples of [●] Equity Shares and is subject to a minimum allotment of [●] Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Minimum Number of Allottees

In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies collected shall be unblocked forthwith.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in Pune, Maharashtra.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States, and may not be offered or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Note ¹Our Company in consultation with the Book Running Lead Manager, may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations

²Our Company in consultation with the BRLM, consider closing the Bid/Issue Period for QIBs one Working Day prior to the Bid/Issue Closing Date in accordance with the SEBI ICDR Regulations.

*In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Bid/ Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16, 2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered into by and between the Company and the relevant intermediaries, to the extent applicable.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid-Cum Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Applicants. The time for applying for Retail Individual Applicants on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and BSE SME taking into account the total number of applications received up to the closure of timings.

On the Bid/ Issue Closing Date, the Bids shall be uploaded until:

- (i) 4.00 P.M. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 P.M. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/ Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum-Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid-Cum- Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Bidders, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum- Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/ Issue Period. The revision in the Price Band shall not exceed 20% on either side, i.e., the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/ Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/ Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/ Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription and Underwriting

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond eight days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In terms of Regulation 272(2) of SEBI ICDR Regulations, in case the Company fails to obtain listing or trading permission from the stock exchanges where the specified securities are proposed to be listed, it shall refund through verifiable means the entire monies received within four days of receipt of intimation from stock exchange(s) rejecting the application for listing of specified securities, and if any such money is not repaid within four days after the issuer becomes liable to repay it, the issuer and every director of the company who is an officer in default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent per annum.

In terms of Regulation 260 of the SEBI (ICDR) Regulations, 2018, the Issue is 100% underwritten. For details of underwriting arrangement, kindly refer the chapter titled "General Information - Underwriting" on page 44 of this Draft Red Herring Prospectus.

Further, in accordance with Regulation 267 of the SEBI (ICDR) Regulations, 2018, the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Migration to Main Board

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018, our Company may migrate to the main board of BSE from the SME Exchange on a later date subject to the following:

If the Paid-up Capital of the company is likely to increase above ₹ 25 crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the main board), we shall have to apply to BSE for listing our shares on its Main Board subject to the fulfillment of the eligibility criteria for listing of specified securities laid down by the Main Board.

If the Paid-up Capital of the company is more than ₹ 10 crores but below ₹ 25 crores, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoter in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

Market Making

The shares offered through this Issue are proposed to be listed on the SME Platform of BSE (BSE SME), wherein the Book Running Lead Manager to this Issue shall ensure compulsory Market Making through the registered Market Makers of the SME Exchange for a minimum period of 3 (three) years from the date of listing on the SME platform of BSE.

If the Bid is submitted in joint names, the Bid cum Application Form should contain only the name of the first Bidder whose name should also appear as the first holder of the depository account held in joint names. The signature of only the first Bidder would be required in the Bid cum Application Form and such first Bidder would be deemed to have signed on behalf of the joint holders. Bidders will be required to confirm and will be deemed to have represented to our Company, the Underwriters, their respective directors, officers, agents, affiliates and representatives that they are eligible under applicable law, rules, regulations, guidelines and approvals to acquire the Equity Shares.

Withdrawal of the Issue

In accordance with SEBI (ICDR) Regulations, the Company, in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Issue at any time before the Bid/Issue Opening Date, without assigning any reason thereof.

In case, the Company wishes to withdraw the Issue after Bid/Issue Opening but before allotment, the Company will give public notice giving reasons for withdrawal of Issue. The public notice will appear in two widely circulated national newspapers (one each in English and Hindi) and one in regional newspaper.

The Book Running Lead Manager, through the Registrar to the Issue, will instruct the SCSBs, to unblock the ASBA Accounts within one Working Day from the day of receipt of such instruction. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly.

If our Company withdraws the Issue after the Bid/Issue Closing Date and subsequently decides to undertake a public offering of Equity Shares, our Company will file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company will apply for only after Allotment; and (ii) filing of the Red Herring Prospectus/ Prospectus with ROC.

Our Company and Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document. Our Company and Book Running Lead Manager would not be able to include any amendment, modification or change in applicable law, which may occur after the date of the Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their application do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Draft Red Herring Prospectus.

This section applies to all the Bidders, please note that all the Bidders are required to make payment of the Full Application Amount along with the Bid Cum Application Form.

Phased implementation of Unified Payments Interface

SEBI has issued a circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 and circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 (collectively the “UPI Circulars”) in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three

working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circular proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

Phase I: This phase has become applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual Applicant had the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Subsequently, it was decided to extend the timeline for implementation of Phase II until March 31, 2020. Further, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount is continued till further notice. Under this phase, submission of the ASBA Form by RIIs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI payment mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing is proposed to be reduced to three Working Days.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

PART A

Book Building Procedure

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the "SCRR") read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue is being made for at least 25% of the post-Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(1) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the BRLM, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non Institutional Investors and not less than 35% of the Issue shall be available for allocation to Retail Individual Investors in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under-subscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM, and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spillover from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchanges.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN and UPI ID, as applicable, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Offer, subject to applicable laws.

Bid cum Application Form

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and Pune Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid/ Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid/ Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and Pune Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) During the Bid/ Issue Period, Retail Individual Bidders, should approach the BRLM or their authorized agents to register their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the Specified Cities) to register their Bids.
- c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- d) The Bidder/ Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- e) Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- f) The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Issue Period i.e., one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.

- g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “Escrow Mechanism - Terms of payment and payment into the Escrow Accounts” in the section “Issue Procedure” beginning on page 213 of this Draft Red Herring Prospectus
- h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.
- i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e., the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b. Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c. The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders May Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d. Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.
- e. The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other applicants.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Neither the BRLM nor any persons related to the BRLM (other than Mutual Funds sponsored by entities related to the BRLM), Promoters and Promoter Group can apply in the Issue under the Anchor Investor Portion.

Option to Subscribe in the Issue

BIDS BY FPI INCLUDING FII'S:

In terms of the SEBI FPI Regulations, any qualified foreign investor or FII who holds a valid certificate of registration from SEBI shall be deemed to be an FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or a sub-account may participate in this Issue, in accordance with Schedule 2 of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FPI after registering as an FPI under the SEBI FPI Regulations.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Issue, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Bids made by SEBI-registered FIIs or sub-accounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason.

In terms of the SEBI FPI Regulations, the Issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limits an FII or sub account in our Company is 10% and 24% of the total paid-up Equity Share capital of our Company, respectively.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non- Residents (blue in colour).

BIDS BY SEBI REGISTERED VCF'S, AIF'S AND FVCI'S:

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIF's.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

BIDS BY HUFs:

Build of the Book

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Issue Period.

- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centres during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs can withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price and the Anchor Investor Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the Draft Red Herring Prospectus.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.
- f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalize the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

BASIS OF ALLOCATION

- The SEBI (ICDR) Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the DRHP. For details in relation to allocation, the Bidder may refer to the RHP.
- Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- In case of under subscription in the issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to DRHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a) For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b) For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c) For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or RHP / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●] % of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●] % of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●] % of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●] % of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●] % of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below [●] % of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

a. ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:
 - a. not more than 60% of the QIB Portion will be allocated to Anchor Investors;
 - b. one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
 - c. allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - a maximum number of two Anchor Investors for allocation up to ₹ 2 crores;
 - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and
 - in case of allocation above twenty five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty five crore rupees and an additional 10 such investors for every additional

twenty five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

- b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the BRLM, selected Anchor Investors will be sent a CAN and if required, a revised CAN.
- c) In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors

- d) In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

- e) Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalize the Basis of Allotment in consultation with BSE SME (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - (i) Each successful Bidder shall be allotted [●] equity shares; and

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“FEMA”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“RBI”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”).

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the “FDI Policy”), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/ RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Issue Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/ restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management. (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/ statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be

subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis

The purchase/ sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as “Capital Instruments”) of a listed Indian company on a recognized stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, Foreign Exchange Management (Non-debt Instruments) Rules, 2019, Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non- repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorized. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

iii. That fully paid shares shall be free from all lien and that in the case of partly paid shares the Issuer's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares.

10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien: Provided that no sale shall be made-

a. unless a sum in respect of which the lien exists is presently payable; or

b. until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. i. To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof

ii. The purchaser shall be registered as the holder of the shares comprised in any such transfer.

iii. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

12. i. The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

ii. The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

CALLS ON SHARES

13. i. The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

ii. Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

iii. A call may be revoked or postponed at the discretion of the Board.

iv. That any amount paid up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits

14. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.

15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

16. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine.

The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. i. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

ii. In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

18. The Board -

a. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him and

b. upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

TRANSFER OF SHARES

19. i. The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

ii. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

iii. That a common form of transfer shall be used

20. i. The Board may, subject to the right of appeal conferred by section 58 decline to register—

ii. the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or

iii. any transfer of shares on which the company has a lien.

21. The Board may decline to recognize any instrument of transfer unless—

a. the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;

b. the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and

c. the instrument of transfer is in respect of only one class of shares.

That registration of transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Issuer on any account whatsoever

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

TRANSMISSION OF SHARES

23. i. On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the company as having any title to his interest in the shares

ii. Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

24. i. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either-

a. to be registered himself as holder of the share; or

b. to make such transfer of the share as the deceased or insolvent member could have made.

ii. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

25. i. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

ii. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

iii. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

27. In case of a One Person Company—

FORFEITURE OF SHARES

28. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.

29. The notice aforesaid shall-

a. name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

30. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

31. i. A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.

ii. At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

32. i. A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.

ii. The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

33. i. A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;

ii. The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;

iii. The transferee shall thereupon be registered as the holder of the share; and

iv. The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

34. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

35. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.

36. Subject to the provisions of section 61, the company may, by ordinary resolution-

i. consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

ii. convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;

iii. sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum; and

iv. cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

v. Permission for sub-division/ consolidation of share certificates

37. Where shares are converted into stock, —

- the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

- Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

- the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

- such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.

38. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law-

- its share capital;
- any capital redemption reserve account; or
- any share premium account.

CAPITALISATION OF PROFITS

39. The company in general meeting may, upon the recommendation of the Board, resolve-

i. that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the, profit and loss account, or otherwise available for distribution; and

ii. that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

- iii. The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards-
 - a. paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - b. paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - c. partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
 - iv. A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
 - v. The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
40. i. Whenever such a resolution as aforesaid shall have been passed, the Board shall-
- a. make all appropriations and applications of the undivided profits resolved to be capitalized thereby, and all
 - b. allotments and issues of fully paid shares if any; and
 - c. generally, do all acts and things required to give effect thereto.
- ii. The Board shall have power-
- a. to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
 - b. to authorize any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares;
- iii. Any agreement made under such authority shall be effective and binding on such members

BUY-BACK OF SHARES

41. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

GENERAL MEETINGS

42. All general meetings other than annual general meeting shall be called extraordinary general meeting.
43. i. The Board may, whenever it thinks fit, call an extraordinary general meeting.
- ii. If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

PROCEEDINGS AT GENERAL MEETINGS

44. i. No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
- ii. Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
45. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
46. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
47. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

ADJOURNMENT OF MEETING

48. i. The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.
- ii. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
- iii. When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
- iv. Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

VOTING RIGHTS

49. Subject to any rights or restrictions for the time being attached to any class or classes of shares,
- i. on a show of hands, every member present in person shall have one vote;
- ii. and on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.
- iii. That option or right to call of shares shall not be given to any person except with the sanction of the Issuer in general meetings
50. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
51. i. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
- ii. For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
52. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
53. Any business other than that upon which a poll has been demanded maybe proceeded with, pending the taking of the poll.
54. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid
55. i. No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
- ii. Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

PROXY

56. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
57. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105
58. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

BOARD OF DIRECTORS

59. The number of the directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them. . At the Time of Adoption of These Articles The following are the Directors of the Company:

1. Mr. Laxmikant Sadashiv Kole
2. Mrs. Madhuri Laxmikant Kole

60. The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.

In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them-

- in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
- in connection with the business of the company.

61. The Board may pay all expenses incurred in getting up and registering the company.

62. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.

63. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.

64. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.

65. i. Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.

ii. Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

PROCEEDINGS OF THE BOARD

66. The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.

A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.

67. i. Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.

ii. In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.

68. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.

69. i. The Board may elect a chairperson of its meetings and determine the period for which he is to hold office.

ii. If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.

70. i. The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.

ii. Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.

71. i. A committee may elect a chairperson of its meetings.

ii. If no such Chairperson is elected, or if at any meeting the 72 Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.

72. i. A committee may meet and adjourn as it thinks fit.

ii. Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.

73. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

74. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY OR CHIEF FINANCIAL OFFICER

75. Subject to the provisions of the Act,

i. A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

ii. A director may be appointed as chief executive officer, manager, company secretary or chief financial officer

76. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

THE SEAL

77. i. The Board shall provide for the safe custody of the seal.

ii. The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

DIVIDENDS AND RESERVE

78. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

79. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

80. i. The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

ii. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

81. i. Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

ii. No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

iii. All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly. That there shall be no forfeiture of unclaimed dividends before the claim becomes barred by law.

82. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

83. i. Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

ii. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

84. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

85. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

86. No dividend shall bear interest against the company.

ACCOUNTS

87. i. The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

ii. No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

WINDING UP

88. Subject to the provisions of Chapter XX of the Act and rules made thereunder-

i. If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.

ii. For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

iii. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

INDEMNITY

89. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
